# Introduction

For the third straight year, student teams across the state worked together to develop and cook nutritious recipes that could easily be incorporated into the school food service program and at home. The 2015 Whipping Up Wellness, Wisconsin Student Chef Competition allowed creative student teams of three to five middle and high school students to gain hands-on cooking experience and the knowledge and skills to prepare healthy meals. The competition consisted of a Recipe Contest and a Cooking Competition. All recipes had to include a product similar to a product schools can obtain through the USDA Foods program. USDA Foods are offered to schools in order to provide healthy, high quality meals to children. USDA Foods include a wide variety of high quality vegetables, fruits, dairy products, whole grains, lean meats, and other protein options. Additionally, recipes had to contain less than 10 percent of calories from saturated fat and less than 480 mg of sodium.

A total of 145 teams submitted recipes for consideration. Recipes were scored based on their nutritional analysis, incorporation of a USDA Foods product, recipe creativity and originality, and student appeal. The top five teams from the Recipe Contest were invited to participate in the Cooking Competition at the University of Wisconsin – Madison on May 14, 2015. The teams invited to the Cooking Competition were:

- Busy as a Bee, James Madison Middle School, Appleton Area School District
- Mighty Plymouth Panthers, Plymouth High School, Plymouth School District
- ALM, Badger Ridge Middle School, Verona Area School District
- The Driftless Culineers, Viroqua and Laurel High School, Viroqua Area School District
- WR Pro Cooks, Lincoln High School, Wisconsin Rapids Public Schools

The Cooking Competition had students preparing their recipes and plating their completed dishes in the food lab at Babcock Hall. Teams delivered their dish and conducted a 10-minute presentation on the development of their recipe, the appeal of their recipe, and the results of their school taste test. Judges scored the final dishes on taste, appearance, originality, student appeal, and the team's overall presentation. After two hours of cooking and the presentation of five delicious dishes, The Driftless Culineers of Viroqua and Laurel High School were declared the winners. Congratulations to all participants!

The Wisconsin Student Chef Competition was made possible through the 2014 Team Nutrition Training Grant. Team Nutrition is an integrated, behavior-based, comprehensive plan for promoting the nutritional health of the nation's school children. This plan involves schools, parents, and the community in efforts to continuously improve school meals and to promote the health and education of school children. The Wisconsin Department of Public Instruction received grant funding from the United States Department of Agriculture to promote nutrition education in schools, to reinforce positive nutrition messages, and encourage students to choose a healthy lifestyle. The Whipping Up Wellness Student Chef Competition is one of the projects funded by the grant.

Wisconsin Team Nutrition is pleased to present this collection of qualifying recipes. For more information about the Wisconsin Student Chef Competition please visit: <http://dpi.wi.gov/team-nutrition/whipping-up-wellness>.

## The Driftless Culineers

Delicious layers of flavor are the hallmark of this harvest-themed twist on a kitchen classic, which features roasted butternut squash highlighted by notes of nutmeg in a creamy béchamel sauce. A blend of spinach and cottage cheese is tucked into the pasta layers for pops of flavor, color, and texture. This dish will entice all of the senses. Inspired by the availability of locally-grown and produced foods such as squash, spinach, cheese, and eggs and the hard-working people of the beautiful Driftless Region of Wisconsin, this lasagna was created to offer nutritious comfort during the busy rush of the back-to-school season. It is certain to become a hit on school lunch menus throughout the year.
