

OUT-OF-STATE (OOS) PATHWAY TESTING INFORMATION

This testing information pertains to applicants who completed educator preparation programs for teaching, pupil services, and/or administrator licensure at a college or university headquartered outside the state of Wisconsin, including online colleges or universities and out-of-country (non-U.S.) colleges or universities. Educators who live outside Wisconsin but completed a Wisconsin educator preparation program are considered in-state applicants.

All applicants for Wisconsin teaching, pupil services, and administrative licenses through the out-of-state pathway must provide passing scores on all required tests, including tests of basic skills and content knowledge tests. For some licensure areas, the Foundations of Reading Test for Wisconsin is an additional content knowledge test. Applicants are required to pass all tests for licensure in the state where the educator preparation program is headquartered and be eligible for licensure in the state where their educator preparation program is headquartered.

This document contains information about three different testing requirements:

- I. edTPA (pg 2)**
- II. Foundations of Reading Test (FORT) (pg 3)**
- III. Wisconsin Content Tests (pg 4)**

I. edTPA

For out-of-state applicants to Wisconsin, the initial licensure is the first Wisconsin license for which an applicant applies. In the review process, the DPI looks for the same elements of an approved program that we have in Wisconsin including: basic skills, content testing, major, pedagogical skills, clinical experience, and statutory requirements. The state superintendent made the following policy for teacher candidates who were prepared outside the state of Wisconsin and completed their initial educator preparation program on or after September 1, 2016:

“An out-of-state applicant with less than one year of teaching experience of at least one-half time employment in a PK-12, private, or charter school (not a tutoring site), must post a passing score on the edTPA effective September 1, 2016. If a candidate completed an edTPA as part of an educator preparation program in another state and received a passing score in that state, Wisconsin will honor the score as passing in Wisconsin. If the other state has not established a threshold for passing, the individual will need to meet the cut score established for Wisconsin.”

The cut scores that have been established for Wisconsin are:

- 38 for edTPA handbooks with 15 rubrics
- 32 for edTPA handbooks with 13 rubrics
- 45 for edTPA handbooks with 18 rubrics

II. FOUNDATIONS OF READING TEST FOR WISCONSIN

Effective January 31, 2014, all applicants applying for a Wisconsin teaching license in elementary education (PK-5), special education, or reading (see list below) are required to pass the Foundations of Reading Test for Wisconsin, a test of reading instruction knowledge and skills administered by Pearson Education, Inc. This requirement is in addition to the current content testing requirements for each license.

The passing score is 240.

Applicants for these Wisconsin licenses must pass the Foundations of Reading Test for Wisconsin:

- Regular Education – Early Childhood (1777)
- Early Childhood Education (1083)
- Regular Education – Early Childhood-Middle Childhood (1777)
- Regular Education – Middle Childhood-Early Adolescence (1777)
- Elementary/Middle Level Education (1088)
- Montessori (1778)
- Early Childhood Special Education (1809)
- Early Childhood-EEN (1808)
- Cross Categorical – Middle Childhood-Early Adolescence (1801)

III. WISCONSIN CONTENT TESTS

Applicants who completed an approved educator preparation program after August 31, 2004, are required to complete the appropriate content test(s) listed below. A content test taken for initial licensure in another state may be used in place of Wisconsin's content tests for the out-of-state application. If an applicant has not taken a content test for initial licensure in another state, in lieu of Wisconsin's content exam a GPA of 3.0 or higher on a 4.0 scale in the subject area or position of the licensure program may be substituted.

*Please note: DPI does not license candidate who added licenses in other states solely based on a content exam

Refer to <http://dpi.wi.gov/tepd/licensing/types/educator-general> to understand the license types and developmental levels of licenses in Wisconsin. In particular, please note:

- Applicants who completed an elementary education program after August 31, 2004, and wish to apply for licensure at the early childhood-middle childhood developmental level (EC-MC, ages birth to 8), must have at minimum a concentration or minor in early childhood. Otherwise, licensure at the middle childhood-early adolescence developmental level (MC-EA, grades 1 through 8) is more likely appropriate.
- Similarly, applicants who wish to apply for licensure in early childhood special education must have significant preparation in early childhood. Otherwise, licensure at the middle childhood-early adolescence developmental level (MC-EA, grades 1 through 8) in cross categorical special education is more likely appropriate.
