

Student Teacher in the Classroom - Letter Home

Date:

Dear Families:

My name is _____ and I am a student teacher from (name of college here) working with (name of cooperating teacher here) from (start date to end date here). Brief candidate bio here:

To become a teacher in Wisconsin, I must show that I am ready to teach by:

- Planning lessons
- Teaching and video/audio recording lessons
- Grading student work

Some of this will be shared with trained reviewers outside the school. It may also be used to train other student teachers, faculty and staff. Student names will be removed from the work.

Please contact your student's teacher if you have questions about the video recording or use of work. I look forward to working with your student this year while I complete my student teaching.

Sincerely,

(Teacher Candidate Signature)
