## Promoting Excellence for All: Family & Community Engagement

State Superintendent Tony Evers commissioned a task force to address state-wide achievement gaps among subpopulations of students. This task force created the Promoting Excellence for All report. This report offers many proven strategies for raising student achievement. Family and community engagement is one of the four school improvement focus areas. Click [here](#) for the PEFA report.

Check out the readily available strategies to engage families that were presented at the MEP fall training. The seven strategies are featured with an application example from a local school and input from the [Parent Advisory Council](#). Click [here](#) to explore the seven strategies in detail.
