# Career Education Data Reporting

This diagram outlines the specific data reporting elements required for Career Education reporting. Career Education consists of College and Career Readiness (CCR) and Career and Technical Education (CTE) data reporting. Starting school year 2018-19, all public school districts will be required to submit the data found in both the yellow and green regions for students in grades 9-12 in order to satisfy CCR requirements. Additionally, districts who receive Carl Perkins funding are required to submit data found in the blue region for students in grades 11-12. For specific definitions, visit the WISE data elements webpage.

CTE
Required for Carl Perkins districts for students in grades 11-12

Required for all public LEAs for students in grades 9-12

CCR
Required for all public LEAs for students in grades 9-12

- **CTE concentrator**
  - Career Pathway type (Cluster)
  - Instructional area code (IAC)
  - Program area(s)
- **Non-certified career education programs**
  - Supervised occupational experience
  - Simulation
  - Internship
  - School-based enterprise
- **Single parent status**

Submit all CTE courses using the latest SCED course codes for grades 9-12

- **Non-certified career education programs**
  - Local co-op
- **Certified career education programs**
  - Youth apprenticeship
  - State co-op education skill standards – DPI Occupational
  - State co-op education skills standards – DPI youth leadership
  - State co-op education skills standards – DPI employability skills
  - IRC [1] state-approved WTCS – Embedded technical diploma
  - IRC [1] state-approved WTCS –Technical diploma
  - IRC [1] state-approved WTCS –Associates
  - IRC [1] state-approved business and industry
  - IRC [1] – Not state-approved
- **Certificated program status type**
- **Grades**
  - Performance Type

- **Dual enrollment**
  - High school course with private college
  - High school course with UW System
  - High school course with technical college
  - High school course with tribal college
  - College course with private college
  - College course with UW System
  - College course with technical college
  - College course with tribal college
- **Advanced placement (AP)**
- **International Baccalaureate (IB)**
- **Grades**
  - Letter Grade [2]
  - Number Grade [2]

1. Industry Recognized Credential
2. Strongly recommended
