

Release Notes for 01/06/2021 WISEid/WISEstaff Production Release

Feature Title	Notes
WISEid: Change Request being created sometimes for ignored characters	Fixed cases where Change Requests were being created for legal Last Name when only difference was hyphen, period, space or apostrophe in Person Upload. These are considered non-changes and will be ignored.
WISEid: Suffix only changes MIA in UpdateFromCollectionsOdsJob	Fixed nightly job that copies data from WISEdata to WISEid for cases where the legal name suffix was the only change. These were being left out but now are covered. It will not fix past omissions but any changes going forward we replicate to WISEid.
WISEstaff: Add an FTE Help link to the Add/Edit Assignment page	Added on WISEstaff / Add/Edit Assignment - a link to FTE Help which will open to guidance on calculating FTE.
WISEstaff: Validation issues with 5866 and 5867 including Clear Non-Required issues	<p>Fix for validation 5866 and 5867 grades outside district/school range where the real issue was the special ed assignment doesn't allow a specific grade level. New validation 6404 will be generated if that is the issue for assignment codes</p> <ul style="list-style-type: none"> • 53-0800 • 53-0810 • 53-0811 • 53-0818 • 53-0830 • 53-0869 <p>Related Clear Non-Required not working correctly with these</p>

	validations should be resolved with this as well. We will run validation statewide on release morning.
WISEstaff: Eliminate duplicate validation error/warning instances on Validate Staff Data	Validation 6527 was creating duplicates in some cases. For sure observed at Milwaukee Public Schools. Fixed issue.
WISEstaff: Improve timing to load Roster data on Edit Staff page	Fixed performance and re-enabled the "Current Year WISEdata Roster Detail" section on the Edit Staff page
