

## Release Notes for 01/20/2021 WISEid/WISEstaff Production Release

Feature Title	Notes
<p><b>WISEstaff:</b> Add a multi-select school filter to the All Staff Report and Staff Corrections Form Report</p>	<p>In the All Staff Report and Staff Corrections Form Report we changed the working School Filter to be multiselect. To see schools, first select a Working LEA.</p>
<p><b>WISEstaff:</b> Create a widget to show staff licenses expiring in the current school year</p>	<p>The Data Quality dashboard now includes an Expiring Staff Licenses widget. This new widget shows a count of staff with licenses that will expire at the end of the current school year. Click on the widget to download a CSV file with a list of details.</p>
<p><b>WISEstaff:</b> Downloaded Current Year Staff Contracts file does not work</p>	<p>Column names of the Downloaded Current Year Staff Contracts file have now been updated to match this year's file specifications. Column names had changed in the contract file template but not in the Current Year Download file.</p> <p>Refer to the <a href="#">WISEstaff Contract Upload</a> document for a list of changed columns.</p>
