

Release Notes for 10/17/2019 WISEid/WISEstaff Production Release

Feature Title	Notes
WISEid/WISEstaff: Contact names now wrap on View Contacts pop-up	Fixed so very long names wrap on the WISEid/WISEstaff Update Contact Info screens instead of being cut off.
WISEid: Add Calendar widget various places	Added date selection to: <ul style="list-style-type: none"> • Download Transaction History - both from and to dates • WISEid View Upload Results - Upload Date • WISEstaff View Upload Results - Upload Date
WISEid: Changing users caching last used agency of other user	Fixed the following issue: If a computer was used by multiple users accounts and if they had access to different agencies, the next user would encounter an access denied error.
WISEid: Footer cuts off last agency in change agency list	Fixed the following issue: On the Change Agency screen the page footer overlapped agency names.
WISEid: Hotfix - Non-DPI roles missing Person Search in new layout	Previously released on 10/3/19 hotfix for district users not allowing person search.
WISEid: Person Change History footer blocking bottom records	Fixed the following issue: On the Person Change History the footer blocked the bottom records from view.

<p>WISEstaff: Add Assignment to License Mappings for Assignments</p>	<p>Added on the Create / Edit Assignment page and Upload Staff Data page when the Assignment file type a message and link "New for 2019-2020 - Assignment to Licensing Mappings: To view the appropriate license(s) for a WISEstaff assignment, please click here. There are WISEstaff assignments that indicate any license in the Teacher category (10) is sufficient. Please know this does not include the Experience-Based License, charter school licenses, or short-term sub permits that are limited to very specific teaching assignments." <p>WISEstaff: Add contacts not verified redirect</p>	<p>When entering WISEstaff if you haven't verified your WISEstaff contacts you will be redirected to the WISEstaff Update Contacts page. Update and verify contacts and check verify box for year to have this go away. This is important to do otherwise the people in your district who handle WISEstaff will not get emails about important notices.</p>
<p>WISEstaff: Add filter Position & Area Description column in Assignment Code List</p>	<p>On the Assignment Code List added ability to filter by contains words for the Position and Are Description columns.</p>
<p>WISEstaff: Add validation warning for no district administrator assignment</p>	<p>Added a level 2 (Validate Staff Data) validation warning when an agency does not have any 05-0000 (district administrator) assignments for their agency.</p>

<p>WISEstaff: Create validation warning for missing library assignments</p>	<p>Create a level 2 (Validate Staff Data) validation for staff data when a school within an agency does not have one or more assignments for any of the following position codes: 86, 87, or 91.</p> <p>DPI wants to track school level adoption of this requirement which is the reason the validation is at the school level. However at this time the legal requirement is at least one per district. Exempted WISEstaff agencies are: Charter, 2R Charter Schools, CMOs, DOC, DHS, CCDEBs, and WCBVI and WSD.</p>
<p>WISEstaff: Fix CESA validation for grades K3 and k4</p>	<p>Fixed for assignment 53-0825 validation info message 5867 says grades K3 and k4 are out of range.</p>
<p>WISEstaff: Licensing Download License Expiration</p>	<p>On License Download screen, we renamed "License Expiration Date Range" to "Filter by License Expiration Date" with a yearly date range multi-select filter. We also included help text and logic text.</p>
<p>WISEstaff: Link User Guide page to online user guide document</p>	<p>Added a link to the WISEstaff User Guide, which you can access by going to WISEstaff > Need Help > User Guide.</p>
<p>WISEstaff: Restrict PK to only Special Ed Assignments</p>	<p>PK is a Special Ed grade level only for DPI. Only assignments that are Special Ed per the Assignment Code List will be allowed PK. This is on top of previous functionality that limited to agencies who had PK setup in School Directory for their schools and districts.</p>

WISEstaff: Task 3a is misaligned with list when status is green check

Fixed alignment of step 3a in the Staff Collection Checklist.
