Release Notes for 11/05/2020 WISEid/WISEstaff Production Release

Feature Title	Notes
WISEid: Manage Person Data Menu Sub-Menu problem with Person Change History	Fixed when under the WISEid tab under Manage Person Data when I search for a Person and find them and then choose Person Change History the Edit Person menu option changes to Edit Staff. Also, fixed "Edit Staff" should be "Edit Person" in the sub-menu when picking the Person Change History option.
WISEid: Public Staff Reports - create job and update reports to use job output for privacy Entity IDs	Job will run daily to add any new persons who request privacy location blocks from being in the detail for the Public Staff Reports. Previously this was updated once yearly.
WISEid: Show all merge statuses in Edit Person Merge History section	Was only previously showing Merged records. Now it shows all requests.
WISEstaff: Show split Assignment FTE tool	Make viewable the Split Assignment FTE widget on district wide assignments. Released previous release but hidden until now.
WISEstaff: change validation 5833 message text to exclude KG	Staff validation message 5833 for 96 0891 Instructional Special Ed Early Childhood to "Assignment code 96-0891 must have at least one grade level indicated that is K3, K4, or PK." Removed KG as its not an allowable grade for this assignment from this year on.
WISEstaff: Improving performance of key Staff Assignment validations to validate correct districts and schools.	Staff Validations should run faster. Next release we will be releasing

	further validation performance optimizations.
WISEid STAFF: remove merged CMO and dpi contacts	Removed some contacts lost in the backend of the system because they were Charter School who merged to CMOs.
WISEstaff: Add link to TEPDL Help Ticket to Need Help menu	Added an option to the Need Help? menu called "Get Licensing Help"
WISEstaff: Add a 'Save Assignments' button to save multiple assignments	Added a new "Additional Assignment" button in Add/Edit Assignment so you can directly add a new assignment for the same person without having to go back to the Staff Edit page..
