

## Release Notes for 11/5/2019 WISEid/WISEstaff Production Release

Feature Title	Notes
<b>WISEid:</b> Hot fix for name changes not found during name search	Fixed the issue where changes to last name weren't being found when searching in WISEid by name or when uploading contracts.
<b>WISEid:</b> Allow click-through from Change Request comments icon to view comments	Allows users to go right to viewing new comments on the Change Request page, reducing the number of clicks.
<b>WISEstaff:</b> Hot fix for deleting contracts and assignments from the Staff List page	Fixed the issue which prevented users from deleting all contracts and assignments for a staff person from the Staff List page.
<b>WISEstaff:</b> Modify Staff Collection Checklist steps 3 and 4	Made some minor updates to the title of step 4 and tasks in the checklist to better describe the tasks within each step; moved the "snapshot complete - data is read only" task into step 3.
<b>WISEstaff:</b> Add instructional content to the Licensing Download page	Added instructions and tips to help users better understand how to use the licensing download to check the status of all staff licenses.
<b>WISEstaff:</b> Add instructional content to the Upload Staff Data page	Added instructions and tips to help users better understand the process for uploading staff contracts and assignments.
<b>WISEstaff:</b> Remove some column totals from Public Administrative Salary Report	The totals at the bottom of some columns were adding their data multiple times so those totals have been removed.

<p><b>WISEstaff:</b> Change column order in Public All Staff Report download</p>	<p>The column order in the download of the All Staff Report has been updated to more closely align with how the columns appear in the report web page.</p>
<p><b>WISEstaff:</b> Add messaging to the Audit Results page for licensing download</p>	<p>Added messaging advising users where to find the licensing download.</p>
<p><b>WISEstaff:</b> Add licensing information to multiple pages</p>	<p>Added the display of staff licensing details on the Edit Person and Add/Edit Assignment pages for easier comparison of active licenses to assignments.</p>
<p><b>WISEstaff:</b> Staff Checklist progress alert notification fixed</p>	<p>The notification alerting districts they need to make progress on their staff collection checklist has been fixed to trigger only when appropriate.</p>
<p><b>WISEid/WISEstaff:</b> Show caret when user can change agency</p>	<p>Added a caret to the right of the agency name in the header to indicate when a user has the option to change agency, if their user role is set up for multiple agencies.</p>
