

Release Notes for 1/23/2020 WISEid/WISEstaff Production Release

Feature Title	Notes
WISEid: Analysis Exact First Name + Last Name boost	WISEid Last Name + First Name match boost turned on in production- This effects WISEid Match Review, Search results and Ed-Fi Identity API search results return sort order. This should make it so for example a person with the same name but slightly different other data doesn't go to the bottom of the person results list.
WISEid: Fix Upload Issue When Last Name only Change and Birthdate is Invalid	Fixed faulting issue when in Person Upload there was a last name only change and also a invalid birthdate.
WISEstaff: Add error handling for duplicate assignments added through the Assignment UI	Added on Assignment edit/create screens a message when the assignment you are trying to save is a duplicate of another assignment for that same staff person. Message is "This assignment already exists for the same hiring agency for this staff person". Assignments must be unique per person, assignment code, hire agency, work agency and school combination.
WISEstaff: Update logic for 6360 ValidateNoReadingSpecialistsAssignment	Revised validation 6360 for better performance and uniform logic to similar rules.
WISEstaff: Update logic for 6362 ValidateMultiplePrincipalForSchool	Revised validation 6362 for better performance and uniform logic to similar rules.

WISEstaff: Update logic for 6363 ValidateNoDistrictAdministratorAssignment	Revised validation 6363 for better performance and uniform logic to similar rules.
WISEstaff: Update the Audit Results letter for 2019-2020	Updated WISEstaff \ Reports \ Audit Results - to a Google folder with all Audit Letters from 18-19 forward. Includes an updated letter from DPI Licensing for 19-20 Audit Results. Folder link is https://drive.google.com/drive/folders/1YIWf9jsfLvpH4A18BzXOIGeoDPhUFT8V
