

Release Notes for 7/16/2019 WISEid/WISEstaff Production Release

| Feature Title | Notes |
|---|---|
| WISEid/WISEstaff: Added 'new comments' icon indicator to Change Requests menu navigation | You can click a new icon to the left of Message and Change Requests to see the number of unread change request comments for your agency. |
| WISEid/WISEstaff: Increased contacts email to 255 characters | WISEid and WISEstaff contacts now can have emails up to 255 characters. |
| WISEid: Added Download Transaction History add birth fields | Added additional fields to Download Transaction History. |
| WISEid: Fixed issue with Staff/Student Download by Local Person ID | We fixed an issue that caused Staff/Student Download by Local Person ID files to be formatted incorrectly. |
| WISEid: Fixed issue with notifications | Notifications are no longer incorrectly generated on weekends. |
| WISEid: Fixed issue with Person Upload Results Download | Fixed download on Results page in Download link to match specs. |
| WISEid: New process to identify Staff Potential Duplicates | So that DPI staff can more easily address potential duplicate staff records, a new process helps identify exact duplicates of staff by name and birthdate. Districts will be notified by DPI if there are questions around potential duplicate matches. |
| WISEid: Updated “new comments” icon for Change Requests | We added a new icon to the Message and Change Requests section to draw attention to unread comments. |
