Release Notes for 8/13/2019 WISEid/WISEstaff Production Release

Feature Title	Notes
WISEid: Last name-only Change Requests no longer generate Change Requests	Last name-only changes no longer generate Change Requests and take effect immediately. Because most last name-only changes are legitimate changes, such as correcting spacing errors or adding apostrophes or hyphens, these changes rarely require Change Requests.
WISEid: Bug Fix--Change Request logic for birth dates	Fixed an issue that caused Change Requests not to be generated if a person was resolved through Match Review.
WISEid: Bug Fix--Report Duplicates now works correctly.	Fixed an issue that caused Report Duplicates not to work.
WISEstaff: Increase length of Assignment Description field	You can now add assignment descriptions up to 5000 characters long in the Assignment Code list, up from 1000 characters, so that assignments can be more accurately reported.
