

## WISEdata Release Notes: 8/3/17

WORK ITEM	Description/Comments
<p><b>WDP:</b> The Contact Acknowledgment page will populate now for 2017-18 contacts and data acknowledgment.</p>	<p>The Contact Acknowledgment page has been updated for 2017-18 and will start displaying for users with this release. You will need to enter/verify contact info and reacknowledge, but if you previously entered contact info for 2016-17, that info should prefill for you in 2017-18.</p>
<p><b>Discipline:</b> Behavior types now have a ranked priority for severity.</p>	<p>A priority order was put in place for behavior types, ranking Firearm-related incidents as more severe than other behaviors.</p>
<p><b>Discipline:</b> Primary Behavior calculation was established.</p>	<p>Based on the Behavior type priority order, DPI now has a calculation to determine the primary behavior in a Student Discipline Incident Association.</p>
<p><b>WDP:</b> 6468 is now a warning.</p>	<p>Validation rule 6468 changed from an error to a warning and has slightly modified text.</p>
<p><b>Roster:</b> Classroom Position Descriptor long descriptions were improved.</p>	<p>The Classroom Position Descriptor data element now has improved long descriptions that give more guidance about what each teacher role does.</p>
<p><b>Roster:</b> Medium of Instruction Type long descriptions were improved.</p>	<p>The Medium of Instruction Type data element now has improved long descriptions that detail the differences between types of classrooms.</p>
<p><b>Discipline:</b> New Action ID field in Discipline Actions</p>	<p>Discipline Actions has a new Action ID field to assign an ID number to the action given.</p>
<p><b>Discipline:</b> New rule 6677</p>	<p>A new L2 validation rule "6677" - Invalid 'Discipline', Placement in IAES by School Personnel for this behavior, was created.</p>
<p><b>Discipline:</b> New rule 6676</p>	<p>A new L2 validation rule "6676" - Discipline - Invalid 'Discipline' and 'Reporting Disability' combination, was created.</p>
<p><b>Discipline:</b> New rule 6692</p>	<p>A new L2 validation rule "6692" - The 'Early Reinstatement Conditions' should not be</p>

	provided for suspensions and IAES disciplines, was created.
<b>Discipline:</b> New rule 6697	A new L2 validation rule "6697" - Discipline record is not unique, was created.
<b>Discipline:</b> New rule 6693	A new L2 validation rule "6693" - Student has been reported as expelled multiple times within this district, was created.
<b>Discipline:</b> New rule 6689	A new L2 validation rule "6689" - Action Length', the days removed this school year, exceeds 45 days for IAES discipline, was created.
<b>Discipline:</b> New rule 6690	A new L2 validation rule "6690" - 'Action Length' exceeds 5 days for out-of-school Suspension, was created.
<b>Discipline:</b> New rule 6696	A new L2 validation rule "6696" - Student has multiple discipline actions for the same enrollment period and incident date, which appear to cover the same date range, was created.
<b>Discipline:</b> New rule 6698	A new L2 validation rule "6698" - Student with disabilities reported as not receiving services during expulsion, was created.
<b>Discipline:</b> New rule 6717	A new L2 validation rule "6717"- Invalid 'Actual Discipline Action Length' for suspension and IAES, was created.
<b>WDP:</b> DPI calculation logic improved	DPI calculation logic was improved for sSA and sSEPA effective dates, as well as program overlaps for PPP calculations as displayed in the Last Modified statistic.
<b>Roster:</b> Export files will download properly.	Roster export file performance was enhanced, so it won't time out and will alert users when the download is ready.
<b>WDP:</b> Bug Fix--Acknowledgment donut graphic works correctly.	Sometimes the acknowledgment donut graphic didn't appear when all warnings were acknowledged. Unacknowledged numbers were still showing in green, but the donut has been fixed to show acknowledgments in red and green correctly depending on acknowledgment status.

<b>WDP:</b> Achievement category now displays in the Student Detail screen.	Achievement category now displays in the Student Detail screen with the Credential Type.
<b>Roster:</b> Bug Fix--Entity ID displays in the Staff Section Association export file.	"Entity ID" wasn't populating in the Excel sheet for the Staff Section Association file, but it's working now.
<b>WDP:</b> Bug Fix--Agency contacts are displaying properly.	The previous year's agency contacts were not displaying correctly, especially when users switched roles from last year to this year. This has been resolved.
<b>WDP:</b> Bug Fix-- Rules 6381 and 6468 are throwing appropriately.	Validation rules 6381 and 6468 were throwing thousands of times but unattached to any students. This has been fixed to only throw those validations when appropriate.
