

## WISEdata Release Notes: 6/22/17

WORK ITEM	Description/Comments
<p><b>*Note, the following Roster and Discipline items are listed to make you aware of development progress, but they are not yet in use in your SIS.</b></p> <p><b>Discipline:</b> Created new rule 6665</p>	<p>We implemented validation 6665: Invalid Discipline Date for expulsion. The error will throw if the discipline date is prior to TFS.</p>
<p><b>Discipline:</b> Created new rule 6678</p>	<p>We implemented a new validation 6678: Invalid Discipline and Behavior Combination</p>
<p><b>Discipline:</b> Bug Fix--Validation 6661 is throwing correctly now</p>	<p>Rule 6661 was throwing for only one student tied to a multiple-student incident, but it's fixed now.</p>
<p><b>Discipline:</b> Bug Fix--Validation 6662 is throwing correctly now</p>	<p>Rule 6662 was throwing for only one student when multiple students were tied to the same incident (one outside the enrollment), but it's working appropriately now.</p>
<p><b>WDP:</b> Modified rule 6666 to work for the appropriate school type at the appropriate time</p>	<p>Validation 6666 compares two years of data, so the rule was modified to only throw for Choice schools in 2016-17 but not public schools until they get the two years of data in the 2018 school year.</p>
<p><b>WDP:</b> Bug Fix--Rule 6659 is throwing appropriately now.</p>	<p>We corrected a bug, so validation 6659 will prevent Choice schools from being submitted as FAPE-responsible schools.</p>
<p><b>WDP:</b> WISEid/WISEdata comparison rules turned to warnings</p>	<p>We modified rules 6393, 6394, 6395, 6396 that previously threw errors when WISEid values didn't match WISEdata values, but these are now only warnings.</p>
<p><b>Discipline:</b> Rule 6664 is throwing correctly now.</p>	<p>Validation rule 6664: Invalid Discipline Date for suspension or IAES discipline wasn't throwing for the proper time frame, but it's fixed now.</p>
<p><b>Roster:</b> Automatic validations for Roster are now running daily.</p>	<p>Roster validations were only running weekly previously, but we've updated the run job to daily now.</p>
<p><b>WDP:</b> Student Detail Screen has enhancements and is accessible at any point.</p>	<p>You can now view Student Details through a search rather than needing a validation message,</p>

	and it has enhancements to view more info, including Discipline info.
