WISEdata Conference

March 20-21, 2019

Central Wisconsin Convention & Expo Center Rothschild, WI

Wisconsin Information System for

WISEdata

HELP EXPO

HELP EXPO

WEDNESDAY, MARCH 20
ALL DAY
SALON B

BREAKOUT SESSIONS:

Infinite Campus HQ Help Expo

WEDNESDAY, MARCH 20
11:45 – 12:30 PM
STATE ROOM B1

SIS vendor representatives will be available throughout the conference.

Skyward HQ Help Expo

WEDNESDAY, MARCH 20
11:45 – 12:30 PM
STATE ROOM B2

SIS vendor representatives will be available throughout the conference.

Power School HQ Help Expo

WEDNESDAY, MARCH 20
11:45 – 12:30 PM
STATE ROOM B3

SIS vendor representatives will be available throughout the conference.

SIS Vendor Hub Help Expo:
JMC, Tyler Tech, Sycamore, Alio, OASYS & SEEDS

WEDNESDAY, MARCH 20
11:45 – 12:30 PM
STATE ROOM B4

SIS vendor representatives will be available throughout the conference.

WEDNESDAY, MARCH 20

WISEid 101 & Workshop

Kari Krakow

WEDNESDAY, MARCH 20
11:10 - 12:30
SALON A1

Come to this hands-on workshop and learn everything about WISEid. We will cover every tool and function in WISEid while you follow along in your own application. Designed for those new to state reporting or those who just want to take a step back and see it all from the beginning.

Xello Overview & Uses

Leo Abramoff

WEDNESDAY, MARCH 20
11:10 - 12:30
SALON A2

After more than 20 years Career Cruising has evolved into Xello! While our name changed, we're still the same passionate group of people committed to helping every student become future ready. In Xello, each student builds critical self-knowledge and learns about their future possibilities to build a personalized plan for their future success. Ed-Fi Roster integration is a sign of more to come with additional software applications. Plus, see how the WISEdata API is creating the single sign-on feature as another benefit of the project. Join us to learn more!

Finance App Overview & QA

Lalitha Raginani

WEDNESDAY, MARCH 20
11:10 - 12:30
SALON A3

Join us for a first look at the new WISEdata Finance system, which will collect financial data from school districts and other LEAs much as WISEdata currently does for student data. Learn about how WISEdata Finance will be used for federal and state reporting.

Choice WISEid & Workshop

Carrie Boe

WEDNESDAY, MARCH 20
11:10 - 12:30
SALON A4

Attend this session to gain insight into how WISEid and WISEdata Portal applications work together for student reporting. Learn about beginning-of-year time-saving tips, discuss best practices while using WISEid, and develop an implementation plan that will benefit your school's student reporting using WISEid.

Data Submission Best Practices

John Raub

WEDNESDAY, MARCH 20
11:10 - 12:30
SALON A5

In this session, we will discuss some best practices to ensure your data is of the highest quality for state and federal reporting, as well as student outcome improvement planning and other analytical research. In the second half of the session, we will brainstorm enhancement ideas that the WISEdata team can prioritize to further improve this process.

WISEdata 101 & Workshop

Jeff Perry & Anderew Osborne

WEDNESDAY, MARCH 20
11:10 - 12:30
SALON A6

For those new to WISEdata or who want a refresher course, this session will cover all the WISEdata app basics, tips, and tricks. You will be able to use them within your current curriculum and programming right away.

Career Education Data Reporting

Mai Choua-Thao & Meghana Aleti

WEDNESDAY, MARCH 20
11:10 - 12:30
SALON C

This session will go over CTE data reporting (CTEERS) and its relation with Act 59 CCR requirements. Learn guidance on reporting CTE concentrator summary details, CTE courses using SCED 5 course codes, certified Career Education programs, such as Youth Apprenticeship, Industry Recognized Credentials, and Dual Enrollment.

What Would You Do? Privacy & Security Best Practices

Annette Smith

WEDNESDAY, MARCH 20
1:45 -2:45
SALON A1

Join your colleagues to discuss data scenarios from WI schools. We will work through the events as a group and share practical security suggestions and best practices.

WISEstaff 101 Basics

Susan Rose-Adametz & Josh Roy

WEDNESDAY, MARCH 20
1:45 -2:45
SALON A2

Join us for a walk-through of WISEstaff basics, including uploading person records, contracts, and assignments. Use the checklist to track completion while addressing validation messages. Learn how to use the dashboards to validate contract counts and assignment FTE counts, to resolve missing Entity IDs for your staff, and to use the All Staff Report to validate that you've submitted all your agency's staff.

ESSA Financial Transparency and Reporting: What's Next?

Daniel Bush
WEDNESDAY, MARCH 20
1:45 -2:45
SALON A3

The first round of ESSA School Level Budget reporting is complete. How did it go? What did we learn? The DPI School Finance Team presents what this financial transparency requirement is all about, what to expect this fall, and how it will flow into the new "WISE" school finance reporting system going statewide in 2020-2021.

WISEdata 101: Choice Reporting

Carrie Boe
WEDNESDAY, MARCH 20
1:45 -2:45
SALON A4

Bring your team! This session will walk you through the reporting essentials to help you plan for success with WISEdata Portal. Experience user- friendly training, learn about best practices with student reporting, and walk away from this session with a focused action plan to effectively use WISEdata Portal.

Report Cards: Updates and ESSA Reports

Laura Pinsonneault
WEDNESDAY, MARCH 20
1:45 -2:45
SALON A5

This year brings some significant changes to current accountability, as well as a new accountability system. Joint Federal Notifications – including ESSA Accountability Reports – were released for the first time in December and recently finalized. Additionally, the Office of Educational Accountability is planning to include Aspire results in this fall's accountability report cards. In this session, we will talk about key data take-aways from both the recent federal accountability release as well as look ahead to implications for using Aspire data in the state accountability system.

English Language Proficiency by the Numbers

Audrey Lesondak

WEDNESDAY, MARCH 20

1:45 - 2:45

SALON A6

Why are there so many English Language Proficiency (ELP) codes and why do they keep changing? Participants will get a behind the scenes look at the seven ELP codes. We'll explore what the numbers mean, the relationship between ACCESS test scores and ELP codes, and the timelines for uploading ELP data. Participants will also learn about the connection between ELP codes and other WISEdata elements, including Immigrant T3, ELL Served, etc.

Roster: What's Available and Future Direction

Kari Krakow, Mai Choua-Thao, Curtis Maples

WEDNESDAY, MARCH 20

1:45 - 2:45

SALON C

This session explores the addition of Roster data in WISEdash for Districts and outlines the future direction for this topic area. Attendees will also come to understand how Roster will tie to student and course level programs and DPI's plan to help districts manage program data for Career Education. Finally, the latest SCED 5 course codes for identifying CTE courses will be reviewed in this session as part of the Career Education data reporting requirements.

Let us know what other questions we might be able to answer with dashboard analytics using Roster data.

What Would You Do? Privacy & Security Best Practices (repeat)

Annette Smith

WEDNESDAY, MARCH 20
3:00 -4:00
SALON A1

Join your colleagues to discuss data scenarios from WI schools. We will work through the events as a group and share practical security suggestions and best practices.

WISEstaff Final Checklist

Susan Rose-Adametz & Josh Roy

WEDNESDAY, MARCH 20
3:00 -4:00
SALON A3

Worried about how to report your contracted staff through WISEstaff? Let us clarify as the hiring agency what staff your agency is responsible for reporting versus the working agency's responsibility. Use the WISEstaff checklist to track your completion while addressing warning, info, and error messages, and how to use the data quality reports in WISEstaff to validate that you've submitted all your agency's staff.

Accountability for Choice Schools

Laura Pinsonneault

WEDNESDAY, MARCH 20
3:00 -4:00
SALON A4

2019 brings some new and exciting changes to accountability report cards. This session will provide an overview of 2017-18 accountability and look ahead to plans for 2018-19 report cards, including information about new data to be included, including Aspire data and information about the Closing Gaps priority area.

Using WISEdata and WISEdash for Snapshot Preparation

Yvette Johanson & Jeff Perry

WEDNESDAY, MARCH 20
3:00 -4:00
SALON A5

In this presentation, you'll learn how data flows from WISEdata to WISEdash and how to use both tools to ensure the most high quality data is used for both school improvement planning and state and federal reporting.

SmartTeach: Portable Student Assessments in Ed-Fi

Philip Crawford

WEDNESDAY, MARCH 20
3:00 -4:00
SALON A6

This session will cover the SmartTeach tool for making the most of your school's assessment data. This tool is designed to assist teachers in measuring their student learning outcomes as part of Educator Effectiveness. Learn how we are leveraging WISEdata behind the application to fill in Roster and then pushing the assessment data back to the local SIS and/or WISEdash.

Validations: Errors, Warnings, & Why You Should Care About Them

John Raub & Mai Choua-Thao

WEDNESDAY, MARCH 20
3:00 - 4:00
SALON C

L2 validation errors and warnings are a tool to make sure that your data is of the highest quality for reporting and improvement planning. This session will cover the top L2 validation errors and methods to prevent these from occurring. In addition, Career Education L2 validation rules will be reviewed in this session.

Closing Keynote: Leading Data Quality: Before, During, and After Submission

Jim Lee & Judy Sargent

THURSDAY, MARCH 21
9:00 - 9:45
GRAND BALLROOM

Participants will learn about the essentials for assuring data quality. WISExplore consultants will lead participants through reflection about their own local data quality practices before data submission, during data submission, and after the data has been submitted. Participants will also become knowledgeable about how WISEdash is used for checking data quality and supports school improvement planning.

WISEdata Home Page, L1 Errors, Ed-Fi API Views

John Raub

THURSDAY, MARCH 21
10:00 - 10:45
SALON A1

There are a number of tools available that help provide insight to the state of your data submission in the pipeline between your vendor tool and WISEdata. Understanding these tools will help to eliminate the guesswork when problem shooting a validation or why a data update isn't in the WISEdata Portal or WISEdash.

English Language Proficiency by the Numbers (repeat)

Audrey Lesondak

THURSDAY, MARCH 21
10:00 - 10:45
SALON A3

Why are there so many English Language Proficiency (ELP) codes and why do they keep changing? Participants will get a behind the scenes look at the seven ELP codes. We'll explore what the numbers mean, the relationship between ACCESS test scores and ELP codes, and the timelines for uploading ELP data. Participants will also learn about the connection between ELP codes and other WISEdata elements, including Immigrant T3, ELL Served, etc.

Roster: What's Available and Future Direction (repeat)

Kari Krakow, Mai Choua-Thao, Curtis Maples, Susan Rose-Adametz

THURSDAY, MARCH 21
10:00 - 10:45
SALON A5

This session explores the addition of Roster data in WISEdash for Districts and outlines the future direction for this topic area. Attendees will also come to understand how Roster will tie to student and course level programs and DPI's plan to help districts manage program data for Career Education. Finally, the latest SCED 5 course codes for identifying CTE courses will be reviewed in this session as part of the Career Education data reporting requirements.

Let us know what other questions we might be able to answer with dashboard analytics using Roster data.

Xello Overview & Uses

Leo Abramoff

THURSDAY, MARCH 21
10:00 - 10:45
SALON C

After more than 20 years Career Cruising has evolved into Xello! While our name changed, we're still the same passionate group of people committed to helping every student become future ready. In Xello, each student builds critical self-knowledge and learns about their future possibilities to build a personalized plan for their future success. Ed-Fi Roster integration is a sign of more to come with additional software applications. Plus, see how the WISEdata API is creating the single sign-on feature as another benefit of the project. Join us to learn more!

The Ed-Fi Promise: A Disruption to Help Students

Maureen Wentworth & Sayee Srinivasan

THURSDAY, MARCH 21
11:00 - 12:00
SALON A1

As more technology makes its way into the classroom, teachers are using apps and software to manage curriculum, grades, and learning. Imagine if administrators could ask questions about student performance and get instant answers. Imagine if principals could instantly identify trends in schools. Imagine if teachers could see how best to deliver personalized learning to every student. Simply put, Ed-Fi unlocks imagination.

Using WISEdata and WISEdash for Snapshot Preparation (repeat)

Yvette Johanson & Jeff Perry

THURSDAY, MARCH 21
11:00 - 12:00
SALON A2

In this presentation, you'll learn how data flows from WISEdata to WISEdash and how to use both tools to ensure the most high quality data is used for both school improvement planning and state and federal reporting.

Intro to Special Education Reporting

Seth Bishop

THURSDAY, MARCH 21
11:00 - 12:00
SALON A3

This session provides an introductory overview of the 16 indicators DPI must report annually to the Office of Special Education Programs (OSEP) under IDEA part B. The presentation will summarize how the calculations are made, why accurate reporting matters for districts, and how certain indicators relate to similar—but not always identical—data sources used for public reporting.

WISEdata 101 & Workshop

Kari Krakow

THURSDAY, MARCH 21
11:00 - 12:00
SALON A4

This course is designed for the new WISEdata user in mind. We will go step by step through the screens so you can learn all of the data points that the WISEdata system has to offer you. From the home screen, data quality, and validations messages pages you will discover multiple ways to look at your data and verify its accuracy. We will also hit on the export screen and the student search area.

Career Education Data Reporting (repeat)

Mai Choua-Thao & Meghana Aleti

THURSDAY, MARCH 21
11:00 - 12:00
SALON A5

This session will go over CTE data reporting (CTEERS) and its relation with Act 59 CCR requirements. Learn guidance on reporting CTE concentrator summary details, CTE courses using SCED 5 course codes, certified Career Education programs, such as Youth Apprenticeship, Industry Recognized Credentials, and Dual Enrollment.

WISEsecure: Google Single Sign-on

Jesila Jinnah & Dan Retzlaff

THURSDAY, MARCH 21
11:00 - 12:00
SALON A6

Enhanced DPI Applications Login Process that enables current WAMS users to access DPI secure applications with "Login with Google" feature using district assigned emails in addition to logging in with WAMS.

Xello Overview & Uses

Leo Abramoff

THURSDAY, MARCH 21
11:00 - 12:00
SALON C

After more than 20 years Career Cruising has evolved into Xello! While our name changed, we're still the same passionate group of people committed to helping every student become future ready. In Xello, each student builds critical self-knowledge and learns about their future possibilities to build a personalized plan for their future success.
