

WISEdata Release Notes: 5/18/21

Title	Description/Comments
<p>WDP: New Choice school extract for economic disadvantaged status</p>	<p>We've added a new WISEdash extract for Choice schools that lists students included in the certified Third Friday of September enrollment who were affected by the Statewide 2020-21 TFS Enrollment Economic Status Data Disclaimer.</p> <p>For more information on using this extract and the data it includes, refer to the WISEdash Extracts for Choice Schools page.</p>
<p>WDP: Revisions to WISEdata Alerts page for improved readability</p>	<p>The Alerts page in WISEdata Portal has received several revisions to improve readability of data quality and migrant status alerts. This includes better separation of important information and headers and clearer labels for district and Choice school alerts.</p>
<p>WDP: Details link now available for Course Transcript and Special Education WISEdata exports</p>	<p>The Course Transcript and Special Education WISEdata exports now include a Details link in WISEdata Portal that shows definitions of the columns included in the exports.</p>
<p>WDP: Bug Fix - Validation rules 6667 and 6749 no longer throw errors incorrectly</p>	<p>Previously, validation rules 6667 and 6749 could throw an error when the rules' criteria are not actually met. This issue is now fixed.</p>
<p>WDP: Bug Fix - 21-22 school year exports now correctly show SCED codes</p>	<p>Previously, an issue caused some exports for the 2021-22 school year to have a blank column for SCED codes. This issue is now fixed.</p>
<p>WDP: Bug Fix - School Roster Details Message column filter now works correctly</p>	<p>Previously, the Message column filter on the School Roster Details page did not correctly filter the table. This issue is now fixed.</p>
