

WISEdata Release Notes: 6/16/20

Title	Description/Comments
<p>WISEadmin Portal: Updates to submitting data errata in WISEadmin Portal</p>	<p>To make it easier to submit data errata through WISEadmin Portal, we've made the following updates:</p> <ul style="list-style-type: none"> ● You can now submit multiple separate data errata letters for the same data category. An error no longer appears if a letter has already been submitted for a data errata category. ● Approved data errata letters no longer have the Remove button and cannot be removed. Approved letters should remain in WISEadmin Portal for easy reference.
<p>WDP: Change to CTE Participant calculation</p>	<p>As part of adjustments to data reporting for COVID-19, we've changed how DPI calculates which students are CTE participants for the 2019-20 school year. After this change, a student counts as a CTE participant for a Carl Perkins district if the student is enrolled in a CTE course with an attempt status of Sufficient, regardless of the student's outcome.</p> <p>This change has also been applied to which students are included in the CTE Participants export in WISEdata Portal.</p>
<p>WDP: Update to validation rule 6649 (2019-20 school year and later)</p>	<p>Validation rule 6649 shows an error message if a student is three years old and has an enrollment type of PPP because pre-K and K3 students should not be submitted as PPP. However, to account for scenarios in which a three-year-old student could be in a 4K</p>

	<p>grade, we've updated the rule to also check for a PK or K3 grade level and avoid false positives.</p>
<p>WDP: Update to Student Details page to add Term Completion Indicator labels</p>	<p>We've updated field labels on the Student Details screen in WISEdata Portal to make it clear which fields show a student's Term Completion Indicator.</p>
<p>WDP: Bug Fix - Staff count in Course Offerings export</p>	<p>Previously, the Course Offerings Roster export in WISEdata Portal could show an incorrect number in the Staff Count column. This issue is now fixed.</p>
<p>WDP: Bug Fix - Grade Level and Exit Type columns for prior year enrollments on Student Details page</p>	<p>Previously, when you view a student's prior year enrollments on the Student Details page, the data in the Grade Level and Exit Type columns could be swapped. This issue is now fixed.</p>
