WISEdata Release Notes: 6/18/19

Title	Description/Comments
WDP: Bug Fix--Rule 6785 now throws correctly for Carl Perkins districts.	We had an issue with validation rule 6752 not throwing correctly because it wasn't always accounting for Carl Perkins districts, which it needs to check. We modified the logic to resolve the issue.
WDP: Bug Fix--Rules 6742 and 6744 now throw correctly in API v. 3.0.	We had a bug in API v. 3.0 that caused L2 validations 6742 and 6744 to throw incorrectly. This issue is now resolved.
