

WISEdata Release Notes: 8/16/18

Title	Description/Comments
WDP: New rule 6631	We implemented new L2 validation error 6631: District of Residence is either missing or is set to an invalid type of district. As an independent charter school (non-district charter school), you must send a valid District of Residence for all students.
WDP: New rule 6712	We implemented new L2 validation warning 6712: The student's age as of the Third Friday of September is outside expected range for this grade.
WDP: New rule 6787	We implemented new L2 validation warning 6787: Course associated to Foreign Language Exploratory Program is offered to grade level outside KG to 6.
WDP: New rule 6788	We implemented new L2 validation warning 6788: Course associated to Foreign Language in the elementary school Program offered to grade level outside KG to 5.
WDP: Redesigned Contact page	We redesigned the Acknowledgment information and Contacts page to sync with our database, so if the API is having issues or is down, users won't be impacted in the WISEdata Portal.
WDP: New EL label terminology	We updated EL labels in the WISEdata Portal to align with new English Learner terminology. Specifically, in the WDP Student Detail--Student panel, in the program area we changed the prior text label of 'Composite Score' to 'ACCESS for ELLs Overall Composite Proficiency Level Score (Prior Year)'.

<p>Career Education: Added new CTE export</p>	<p>We added a CTE export file that populates 'Certified/Non-certified Career Education programs' and 'State Endorsed Regional Pathway Information' so that LEAs can validate all the data they sent was received, as well as leverage this file for other analysis.</p>
<p>Roster: Added Help link for Roster School Details page</p>	<p>We added a help link to a tutorial page for the new School Roster Details screen in the WISEdata Portal.</p>
<p>Career Education: Moved Career Education errors to Career Education Details section</p>	<p>We moved the Career Education error messages to the Career Education Details section. We also now show the error icon on each Details section if that section has an error.</p>
<p>WDP: Bug Fix--Error icon displays appropriately.</p>	<p>We had a bug for Roster errors in the Student Details screen where the Error icon was shown, but no errors displayed. This was resolved.</p>
