<p>WDP: New WISEdata validation rules</p>	<p>We added validation rule 7063, which throws an error if an exit type does not have an associated exit date.</p> <p>We also added validation rules 7090, 7092, and 7093, which throw an error when a Choice school submits data that is not expected for Choice schools. Specifically, they throw for the following data:</p> <ul style="list-style-type: none"> ● 7090 - Student Languages ● 7092 - District of Residence ● 7093 - Repeat Grade Indicator
<p>WDP: Bug Fix--New student data elements now work correctly with the Ed-Fi API view.</p>	<p>Previously, there was an issue that caused some student data elements, including Birth City, State, and Country, Other Names, and Name Suffix, to fail to work correctly with the Ed-Fi API. This issue is now fixed.</p>
<p>WDP: Bug Fix--Rule 6509 now checks for the appropriate expected transfer school.</p>	<p>Validation rule 6509 had an issue that caused it not to check for the appropriate expected transfer school. It now checks for the expected transfer school within the expected transfer LEA.</p>

<p>WDP: Bug Fix--Rules 6783, 6784, 6786, 6789, 6800 now throw for the correct categories of students.</p>	<p>Validation rules 6784 and 6789 now appropriately throws only for students in grades 11 or 12 with a primary enrollment in the school that submitted SCTEPA for that school year.</p>
<p>WDP: Bug Fix--Rules 6790, 6794, 6795 now throw for the correct categories of students.</p>	<p>Validation rules 6790, 6791, 6794, 6795, and 6796 now appropriately throw only for students in grades 9-12 with a primary enrollment in the school that submitted SCTEPA for that school year.</p>
<p>WDP: Bug Fix--Rule 6749 now throws appropriately.</p>	<p>Validation rule 6749 had an issue where it didn't throw an error for a student record when it should. This issue is now fixed.</p>
<p>WDP: Bug Fix--Filtering warnings by bookmarked warnings now works appropriately.</p>	<p>Previously, choosing to filter validation errors and warnings by bookmarked warnings didn't correctly exclude non-bookmarked warnings. This now works as expected.</p>
<p>WDP: Bug Fix--Student enrollments now appear in the appropriate order.</p>	<p>On the Student Details page, a student's enrollments now appear in order by enrollment date and enrollment type.</p>
<p>WDP: Bug Fix--Timeout error for Validation Messages.</p>	<p>Previously, the Validation Message page could time out if there was a high number of validation messages. This issue is fixed.</p>
