

## WISEdata Release Notes: 9/11/18

Title	Description/Comments
<p><b>Career Education:</b> Bug Fix--CTE Concentrator Export displays WISEids properly.</p>	<p>We had a bug in the new export for CTE Participant Concentrator because WISEids weren't always displaying. This issue was resolved.</p>
<p><b>WDP:</b> Bug Fix--ELP validations work correctly.</p>	<p>We fixed a bug for new English Language Proficiency L2 validation rules 6777, 6778, 6779, 6780, and 6781. They're now active and throwing correctly.</p>
<p><b>DB:</b> Data Area Categories tied to validations</p>	<p>We added CTE and Roster data area categories to the validation rules with which they are associated. This will help in determining which rules are used for CTE and Roster data collection.</p>
<p><b>WDP:</b> Help link to tutorial for EdCred Subscriptions</p>	<p>We added a Help icon to the right of the Ed-Fi Credential Home icon (on left side of page) that links to the <a href="#">Ed-Fi Credential Mini Tutorial</a>. Schools adding a SIS or special education-only SIS who follow these instructions step-by-step will save roughly an hour of time per user in successful setup rather than needing to submit a help ticket or correct a failed setup.</p>
<p><b>WDP:</b> Bug Fix--Rule 6711 works properly now.</p>	<p>We had a bug with validation 6711 when the rule displayed enrollments from other schools on the Validation Message screen. Now that it's resolved, the rule should run for only for most recent enrollment, and only records from the respective LEA should appear on the Validation Message grid.</p>

<p><b>WDP:</b> New rule 6793</p>	<p>We implemented a new validation rule <u>6793</u>: Student must be at least 3 years old on the enrollment start date.</p>
<p><b>WDP:</b> Bug Fix--Rule 6792 throws properly.</p>	<p>We resolved a bug for validation rule 6792. Previously 6792 was running for the 2017-18 school year, but the validation should run only for 2018-19 forward and not for the 2017-18 school year.</p>
<p><b>WDP:</b> Bug Fix--Change Agencies reflect accurate, active LEAs.</p>	<p>We had a bug when the Change Agency listing in the WISEdata Portal was showing closed agencies. We fixed the bug, so now the Change Agency--LEA status column includes the agency status in the view and filters only open years on the agency screen.</p>
<p><b>WDP:</b> Changes to Race/Ethnicity labels for consistency with WISEid</p>	<p>We made changes to the Race/Ethnicity category in the WISEdata Portal, so it is consistent with WISEid labeling.  We changed the Race/Ethnicity category to Race Key on WDP Student Detail page.  We also added a Race/Ethnicity Reporting category on WDP Student Detail page.</p> <p>Example :</p> <p><b>Race Key</b> : 0007 - H, I</p> <p><b>Race/Ethnicity Reporting Category</b>: Hispanic</p>
<p><b>WDP:</b> Changed filters for Message Type to make warnings more visible</p>	<ul style="list-style-type: none"> <li>● We changed the filters panel of the Validation Message page to remove the Message Type and Acknowledge Status drop-down menus.</li> <li>● We moved the Validation Category filter below Schools field.</li> <li>● We also added a new set of checkboxes for filters.</li> </ul>

	<ul style="list-style-type: none"> <li>● In the messages results grid the Icon column will have new icons and filters for Critical Error, Error, and Warning.</li> </ul>
<p><b>WDP:</b> Relocated Acknowledge/Unacknowledge submission</p>	<p>On the Validation Messages page, we moved the Acknowledge and Unacknowledge submission to the detailed results grid under the relevant validation messages rather than up near the top of the page where it was more removed. This new placement should make it easier for users to acknowledge warnings and save each user working validations about a half hour each week.</p>
<p><b>WDP:</b> Removed Info messages</p>	<p>We removed all Info messages throughout the WISEdata application on the donut chart, bar in Validation Summary panel, LEA Home Page chart, exports, message type filter drop-down on Validation Message screen, and Rules page.</p>
<p><b>New and/or Updated Documentation</b></p>	<ul style="list-style-type: none"> <li>● Updated <a href="#">Homeless Primary Nighttime Residence data element page</a> with residence option definitions</li> <li>● <a href="#">Programs data element page</a> FAQ #6</li> <li>● Updates to LIEP Bilingual/ESL descriptions and World Language descriptions in <a href="#">2018-19 LIEP, Dual Enrollment, and World Language Programs KBA</a></li> <li>● Text updated for <a href="#">KBA 6578</a></li> <li>● Text updated for <a href="#">KBA 6732</a></li> <li>● Tweaked <a href="#">KBA_6396</a></li> <li>● Tweaked <a href="#">KBA_6699</a> for text and logic</li> <li>● Tweaked <a href="#">6785</a> for text changes</li> <li>● <a href="#">Performance Based Conversion Types</a>: added grade earned definitions and related info to FAQ section</li> </ul>
