

WISEdata Release Notes: 9/10/19

Title	Description/Comments
<p>WDP: Updated organization and default display for Student Detail screen</p>	<p>Per feedback received from districts, we've updated the layout and organization of the Student Detail screen so that it's easier to see more information at a glance:</p> <ul style="list-style-type: none"> ● Each section now appears collapsed by default except for Enrollments so that you spend less time scrolling for the section you need. ● Icons now appear to indicate if there is no data in a section or if there's a validation error or warning related to data in a section.
<p>WDP: Student Characteristics export now includes grade level</p>	<p>Grade level is now included in the Student Characteristics export, per user feedback that it would be helpful information to include.</p>
<p>WDP: Career Education exports now include details on what each column means</p>	<p>To help you more quickly process information in Career Education exports, we've added details to the columns in the export that describe what each column means.</p>
<p>WDP: Validation errors related to course offerings now show additional information</p>	<p>We've added columns to show the career pathway type and SCED code for validation errors related to course offerings, which should help you save time when trying to troubleshoot those errors.</p>
<p>WDP: New SERCP export split off from Career Education export</p>	<p>We've received feedback that districts find it difficult to read existing Career Education reports. To help make it easier to read these reports, we've split the existing Certified/Non-Certified Career Education Export into the following separate exports:</p>

	<ul style="list-style-type: none"> ● Certified/Non-Certified Career Education ● SERCP (State-Endorsed Regional Career Pathway)
WDP: K-8 schools no longer need to acknowledge Career Education snapshots	The Career Education snapshot acknowledgment prompt no longer appears for users at K-8 schools.
WDP: Updated logic for rule 6474	Validation rule 6474's logic field now correctly states that it runs for all students with a primary enrollment at the school, including DOC and DHS.
WDP: Bug Fix--Rule 6749 now runs only for primary enrollments	Validation rule 6749 incorrectly included non-primary enrollments. This issue is now fixed.
WDP: Bug Fix--Rule 6795 now runs for all districts	Validation rule 6795 previously ran only for Carl Perkins districts, but was expected to run for all districts. This issue is now fixed.
WDP: Bug Fix--Rule 6510 no longer shows an error when there's no Expected Transfer Agency	Previously, validation rule 6510 could show an error when there is no expected transfer agency for a student. This rule should only show an error when the expected transfer agency is invalid. This issue is now fixed.
WDP: Bug Fix--Grade Submitted column in Student Details now correctly shows if grades have been submitted	Previously, the Grade Submitted column in the Student Details section didn't correctly show if grades have been submitted. This issue is now fixed.
