Session Goals

- Review purpose and use of LIEP data

- Examine value of program data

- Explain rationale for crosswalk changes

- Prepare to use resources for data reporting

- Gather feedback on shifts

Language Learning Landscape (WI)

Assignment: Feature story on the language learning landscape in Wisconsin.

Inquiry: What questions would guide your research?

Center Learners with Data

- **Meet reporting requirements**
- **Support evaluation and effectiveness**
- **Identify areas for support**
- **Inform research, policy and budget**
- **Guide teacher training & recruitment**
- **Assess equity and inclusion**

Today's Data Focus:

Language education program models

Language learners

Languages of learning

What is an LIEP?

- Defined in Elementary and Secondary Education Act (ESEA)

- Language instruction educational program for EL students (Bilingual and/or ESL)

- Purpose to assist students in:

  - Developing/attaining English proficiency (English Language Proficiency Standards)

  - Meeting challenging state academic content/achievement standards

- May include instruction in English <u>and</u> student's primary language to facilitate English language development (Other Language proficiency Standards)

- May include participation of non-ELs if goal is proficiency in English and target language for <u>all</u> students

Reporting LIEP Data

- **Reported <u>only</u> for ELs**

- **Collected by DPI as part of WISEdata reporting requirements for ELs**

- **Collected at student level using program codes**

- **Tracked via school information system (SIS)**

- **Must indicate primary LIEP**

- **May also report each service student is receiving for current reporting period**

Revised LIEP Crosswalk

- **LIEP crosswalk lists:**
  - **LIEPs for ELs in WI**
  - **Associated reporting codes**
- **Updated version released Spring 2022**
- **To be used for 2022-23 reporting**
  - **Will need to update LIEP codes for ELs if haven't done so already**
- **Can be accessed [here](#)**

LIEP Crosswalk Revision: Goals

- Provide accurate, clear, and coherent information
- Improve the accuracy of program- and state-level data
- Represent current, research-based, LIEP pathways
- Build understanding of LIEP options and characteristics
- Collect data to address equity and new areas of inquiry
- Be responsive to multilingual learner identities and experiences
- Identify effective service models and areas for improvement

Data Enhancements

- Separate reporting of Caregiver Refusal and No LIEP available data

- Collect full data set for dual language education programs by district, model, grade, content, language, and learner profiles

- Create means to identify an EL's primary and secondary LIEP

- Ability to track LIEP history for former ELs

- Design reports to assess LIEP outcomes and growth

Language of Instruction

- **Purposes**
- **Language used for teaching and learning within the course**
- **Course-level data element**
- **English as default**
- **[DPI Language of Instruction webpage](#)**

Overview of 2022 LIEP Crosswalk

- **Three main sections:**
  - **Bilingual Programs**
  - **English as a Second Language (ESL) Programs**
  - **Missing/Refusal/Other**
- **For each LIEP, includes:**
  - **Name of LIEP and Reporting Codes**
  - **Description and Learners**
  - **Standards and Outcomes**
  - **Federal and State Funding and Plan of Service (POS) Requirements**

Crosswalk Columns: A Closer Look

- **Name of LIEP and Reporting Codes**
  - Program type and alternate names
  - WISEdata codes
- **Description and Learners**
  - Program description
  - Students served, including ELP levels
  - Languages of instruction (bilingual programs only)
- **Standards and Outcomes**
  - ELD standards - All program models
  - Academic standards
  - Other language standards when applicable
- **Federal and State Funding and Plan of Service (POS) Requirements**

LIEP Selection

- **Use crosswalk in conjunction with LIEP flowcharts**

- **Consider:**
  - **Language(s) of instruction (ESL or bilingual)**
  - **Desired program outcomes**
  - **Learners**
  - **Funding source requirements (Title III, BLBC)**
  - **Program model descriptions**

- **May offer multiple LIEPs**

LIEP Flowcharts

Decision-making tools

[Version A: Learner Outcomes](#)

[Version B: Language of Instruction](#)

Recommendations

- **Start with flowchart(s), then consult crosswalk to confirm decision**

- **Ensure selected LIEPs:**
  - **Address the needs of students**
  - **Align with goals of school/district**

- **Consider how existing programs may need to be changed to align with revised LIEP programs**

Next Steps: Practice with Colleagues

Choose a group of EL students you serve and use flowchart(s) and crosswalk to identify a possible LIEP for those students

| Identify learners, needs, goals, requirements | → | Use flowchart(s) to identify program type | → | Consult crosswalk to confirm decision | → | Make adjustments to program, as needed |

LIEP Crosswalk: Explore

Open and review the **2022 LIEP Crosswalk** and **Version A** (learner outcomes) and **Version B** (language of instruction) of the flowcharts

Identify something on the crosswalk or flowcharts you want to learn more about

Learners

Identified English Learners
ELP Code 1-5 must have an identified LIEP
(Primary and Secondary, if applicable)

Non-English Learners
Former English learners **(ELP CODE 6)**
Students who are not identified as English learners **(ELP CODE 7)**
(Reported through World Language Education Program Data)
