- WI EE System Foundations
- Tools Supporting EE Implementation
- Questions

- What are your roles?
- Do you currently use Frontline Education for EE?

The Wisconsin Educator Effectiveness System is a learning-centered, continuous improvement system designed to improve the education of all students in the state of Wisconsin by supporting guided, individualized professional growth and development of educators.

### Why Educator Effectiveness?

#### Why Educator Effectiveness?

- Teachers are the most important school-based factor contributing to student outcomes.
- School Leadership is the second most important school-based factor contributing to student outcomes.

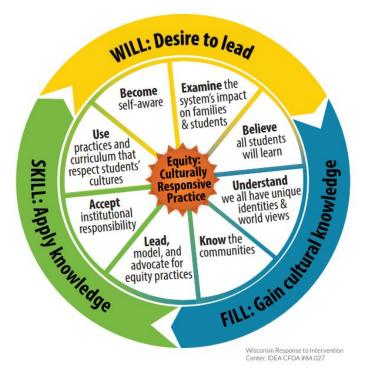

### Why Educator Effectiveness?

- School leaders make that contribution to student achievement through their effects on the school environment, teacher effectiveness, and other factors.
- Teacher effectiveness is not fixed, can be improved, and school leaders have a role to play in that professional growth.

## **Educational Equity**

Educational equity means that every student has access to the resources and educational rigor they need at the right moment in their education, across race, gender, ethnicity, language, ability, sexual orientation, family background, and/or family income.

WI Department of Public Instruction (2017) Equity: Wisconsin's Model to Inform Culturally Responsive Practices.

## **Five Learning-Centered Principles**

- A foundation of **trust** that encourages educators to take risks and learn from mistakes
- A common, **research-based framework** on effective practice
- Regular engagement in educator-developed goals (Student/School Learning Objectives and professional practice goals)
- Cycles of continuous improvement guided by timely, specific feedback
- Integration with district and school priorities and practices

#### Trust matters:

- Trust is necessary for effective learning communities.
- Trusting school cultures encourage risk-taking and learning from mistakes.
- Trust strengthens professional culture.
- In schools where professional culture is organized for improvement, improvement is also seen in teacher retention, job satisfaction, and commitment to the school in which they serve.

## Integration

When integrated with other school and district improvement strategies, the EE System becomes the organization improvement system:

- Goals inform professional learning and vice versa
- Frameworks guide all professional conversations
- Hiring, mentoring, and career ladder development are aligned
- Classroom-school-district goals align and drive growth across the system
- EE supports other initiatives (curriculum implementation, Universal Design for Learning, professional learning communities, etc.)

## **Data Reports in Frontline**

#### Customizable filters, savable, shareable districtwide or school building reports

**Report Writer –** text fields *Example use cases* 

SLO goal review for all teachers in a building or principals in district

- trends in standards alignment
- goals reflective of baseline data and other data sources

#### indicated Focus Areas

- evident trends
- supports might be put in place for frequently identified areas

**Rubric Explorer –** rubric fields Example use cases

What are the 3 Danielson components most self-identified as Areas for Growth by new teachers? - can inform areas for needed support for new teachers (through coaching, mentoring, professional development, etc.)

Which Danielson components are most identified as areas of strength in Professional Conversations?

**Growth Explorer –** dropdown lists, checkboxes *Example use case* 

What are some trends in feedback using the critical attributes for "engaging students in learning" (Danielson 3c) during observations of teachers?

#### **Educator Effectiveness Process Data**

### **Elements of the System in Practice**

- Evaluator Certification Training and Calibration
- Orientation and Ongoing Training
- Regular Self-Review
- Educator-Developed Goals
- Observations, Evidence, and Feedback
- Regular Conferences

### **Regular Self-Review**

Regular engagement in a self-review based on a shared framework of effective practice

- Reinforces educator self-efficacy
- Encourages reflective practice
- Informs student learning and professional goals

### **Self-Review**

Component 1a: Demonstrating Knowledge of Content & Pedagogy				
Area for Growth		Area of Strength		
Component 1a Critical Attri	butes			
<ul> <li>The teacher makes content errors.</li> <li>The teacher does not consider prerequisite relationships when planning.</li> <li>The teacher's plans use inappropriate strategies for the discipline.</li> </ul>	<ul> <li>The teacher's understanding of the discipline is rudimentary.</li> <li>The teacher's knowledge of prerequisite relationships is inaccurate or incomplete.</li> <li>Lesson and unit plans use limit instructional strategies, and some are not suitable to the content.</li> </ul>	important concepts of the discipline and their relationships to one another. The teacher provides clear red explanations of the content.	<ul> <li>The teacher cites intra- and interdisciplinary content relationships.</li> <li>The teacher's plans demonstrat awareness of possible student misconceptions and how they can be addressed.</li> <li>The teacher's plans reflect recent developments in content-related pedagogy.</li> </ul>	

	Domain 1 Self-Review		<b>•</b>	
L	Component	Area for Growth	Area of Strength	
	1a: Demonstrating Knowledge of Content			
I.	and Pedagogy	Enter Rationale and relevant Critical Attribute language to clarify your focus areas		

#### **Educator-Developed Goals**

# The development of annual, educator-led student and school learning objectives

- Regularly assess and guide instruction
- Can be thoughtfully aligned to school and district goals, such that the educator can monitor and adjust strategies at the school and classroom level
- Increase ownership and engagement in the process
- Focus the work on using adult practices to affect student learning

## **Goal Setting & Review**

#### Set, Review, Revise, Assess Success

- Beginning-of-interval
- Mid-interval review
- End-of-Interval

#### Customize requirements & use

#### Information from previous goal forms is pulled and displayed to streamline processes.

<u>(EEP)) - 2/23/2023 Teacher, Ruckert</u>

## Observations, Evidence, and Feedback

The direct observation of and collection of evidence about educator practice informs feedback

- Regular observation and evidence collection ensures accurate evidence
- Accurate observation and other evidence informs personalized feedback
- Feedback provides input into the continuous improvement process for student learning and professional practice goals
- Frequent observation and feedback create stronger relationships between evaluators and educators

#### Regular conferences between evaluators and educators creates

- Opportunities to provide and receive feedback
- Opportunities to check-in on student learning and professional practice goals
- Opportunities to assess effectiveness of prior feedback
- Regular and more frequent conferences create stronger relationships between evaluators or peers and educators

## What's good feedback?

Accurate	Feedback

#### **Useful Feedback**

#### Opportunities to Use Feedback

- Based on evidence aligned to common frameworks
- Evidence be collected by trained observers

- Utilizes the common language of the framework
- Identifies specific criteria for improvement
- Aligned to priorities of the educator based on
  - Self-review
  - SLO

- Connects to educator's specific context (i.e., classroom or building, personalized goals)
- Connects the educator with resources
  - Mentors
  - Coaches
  - Professional Learning Communities
  - Professional Development Opportunities

Jones, C., Gilman, L. (2019) The Impact of the WI Educator Effectiveness Process on Student Achievement

## Simple Collaborative Approach

What's working? (Validate)

What's challenging? (Clarify)

What are your next steps? (Stretch & Apply)

- What support might I provide?
- What feedback do you have for me?

## **Professional Conversations Log**

#### **Professional Conversation Log:** any conversation, very flexible

#### completion

#### Validation

Invite the teacher to share what's going well. Use critical attribute language to acknowledge strong practices. Use the box below to record notes from the conversation as desired.

#### AFFIRM:

- · What practices are working well?
- · What strengths have been demonstrated or utilized? How have they shown up?
- Describe:
  - progress toward EEP goals
  - achievement on previous challenges, and/or
  - progress toward previously agreed upon action steps.
- · What learner behaviors support your thinking about effective practice?
- You mentioned [INSERT]. I noted [INSERT] as described in the rubric critical attributes...

#### Clarification

Pose questions that provide clarity, understanding, context, teacher's perspective or reflections, and/or additional evidence.

- I'm hearing [INSERT]. Is that correct?
- In other words...
- So, if... then...
- It sounds like [TOPIC] is important to you...

#### **Discussed Rubric Components**

Make indications below, as desired, to outline areas discussed as aligned to the practice rubric. **Not all components need an indication.** Only select the areas discussed in this conversation and/or that are relevant for this individual. *Information entered below is reported on other forms and process for review of growth over time.* 

The Danielson rubric critical attributes are available as a resource at the bottom of the page.

Component	Possible Area for Growth	Area of Strength
La: Demonstrating Knowledge of Content & Pedagogy		
b: Demonstrating Knowledge of Students		
Lc: Setting Instructional Outcomes		
1d: Demonstrating Knowledge of Resources		
1e: Designing Coherent Instruction		
1f: Designing Student Assessments		
2a: Creating an Environment of Respect & Rapport		
2b: Establishing a Culture for Learning		
2c: Managing Classroom Procedures		
2d: Managing Student Behavior		

## **Professional Growth Review**

# Professional Growth Portfolio: "one stop shop" of current year's entries

• This Year's Goals & Focus

**Displays reports of** 

- Self-review
- Goal, goals adjustments, uploaded supporting files, end-of-year selfsummary on the SLO rubric
- Professional Conversation Log reports
- Artifact and observation evidence (sorted by rubric component)
- Fields to document End-of-Year Summary & Next Year Planning

## **Professional Growth Portfolio**

End-of-Year Summary & Next Year Planning

## **EE Data Collection**

DPI directs districts to retain and be able to provide evidence of the following required EE practices:

- Provide WI EE System orientation and training for educators and evaluators.
- Evaluators certify in the relevant rubric and districts provide ongoing monitoring of inter-rater agreement (aka calibration).
- Educators complete a self-review during their evaluation cycle.

- Educators develop and complete at least one SLO annually.
- Evaluators conduct required EE conferences, including Planning, Mid-year, and End-of-cycle conferences.
- Evaluators conduct required observations of professional practice for each evaluation.

## **EE Data Collection**

- Districts using Frontline have EE data collection compliance taken care of.
- Districts implementing their own EE management system (e.g., Google Classroom, etc.) or model must create data collection and management independently.

## **Next Steps for EE**

#### **DPI continues to refine and improve EE**

- Recently implemented <u>new flexibilities</u> in 2022 to support educators and overall system improvement
- Published <u>revised guidance</u> last summer
- Introduced new, robust, and time-saving training for evaluators
- Providing Free Professional Development Resources through <u>LinkedIn Learning</u>

## **Platform Supports & Resources**

• DPI Help Center to Support the Frontline Platform

https://dpi.wi.gov/ee/frontline-help-center

- $\, \odot \,$  Articles sorted by role
- WI-specific setup and use guidance
- Announcements & upcoming training opportunities
- Request submission
- Frontline Learning Center (must be logged in to Frontline account to access)

### **Resources for Educator Effectiveness**

#### dpi.wi.gov/ee
