

Release Notes for 8/2/2016 WISEid/WISEstaff Production Release (WISEid Core Apps Sprint 114)

Feature Title	Notes
WISEid: hotfix CSV file format checker not working for old file format	When the file was in pre-7/12/16 format file format the file would not process or give error message. We fixed the missing error message about columns being missing.
WISEid: Bug Hotfix Person upload when EF performance toggle off and all new persons	There was a Person upload fault in some cases. We fixed this issue.
WISEid: Fix EF Performance boost toggle Issue with uploading large person files	Prevented faults on large files.
WISEid: Validation Rules for Deactivated WISEids When No Surviving WISEid	If WISEid has been deactivated and there are no new WISEid we have a new error message 4052.
STAFF: Remove 14-15 site and return regular site to regular year selection functionality	14-15 staff recollection site has been decommissioned. Final snapshot has been taken and no possible edits from anyone including DPI.
WISEid: Add WISEid to Edit Person UI page	Added the WISEid number to the Edit Person UI page.
WISEid: Refresh Change Request UI when Comment changes	When user comments on a Change Request that comment will be shown on the screen immediately without page refresh.
WISEid/WISEstaff: Refresh Entity ID on Edit screen after change by DPI	When DP updates Entity ID that change will show up immediately on the Edit Person page without a page refresh.
WISEid: Person Change Request Sorting	On Messages and Change Request page added sorting ability on column headings.
WISEid: Add Change Request Filter by WISEid	On Messages and Change Request page added ability to search Change Requests by WISEid.
WISEid: Add Change Request Filter by Agency	On Messages and Change Request page added ability to search Change

	Requests by Requesting Agency and Dependent Agency.
WISEid/ WISEstaff: Add Agency Code to Local Person ID Agency Name	In UI on Edit Person and Edit Staff added next to Local Person Id Agency name the agency code. Resolves issues for multiple agencies with same name.
WISEid: Update 6328 error message verbiage	Corrected error 6328 for WISEid to be "Working LEA is not a valid LEA for this year."
WISEid: Missing Change Request Message	When a Change Request Message is created a notification is now shown that a Change Request has been submitted.
