

**Release Notes for 10/23/2015 WISEid/WISEstaff Production Release (WISEid Core Apps Sprint 95 + Hotfixes)**

Feature Title	Notes
WISEid: Separate Person and Staff specific links R / P - Contacts	Separate links by WISEstaff & WISEid tabs for Contacts. This means separate contacts for each tab.
WISEid: Prevent system work while contacts are not verified	System forces you to update/verify WISEid tab contacts before you can proceed with using the tab.
WISEid: Separate Person and Staff specific link R / P - Results Page	WISEid Results page filters for Person Uploads. Separate page for WISEstaff Results.
WISEid: Delete last Local Person Key when Winter Toggle = ON	Now allow users to delete last Local Person ID on a person for their district when acknowledging warning.
WISEid: Separate Person and Staff - Search Screens continued	Search Screens now separate for WISEid/ WISEstaff
STAFF: Turn off Historical Person Download and Upload for hiring agencies that have completed	Historical Persons Download and Uploads - one time process will go away once you have all WISEids populated. If links remains you still have not completed the entire process from last year to get WISEids for last 4 years of 1202 reported persons..
WISEid: Separate Person and Staff specific links R / P - Match Review in Search/Edit	Separating to WISEid/WISEstaff versions
WISEid: Separate Person and Staff specific links Manage Agency & Left Nav	Separating to WISEid/WISEstaff versions
WISEid: Separate Person and Staff specific links Intro Message	Separating to WISEid/WISEstaff versions
WISEid: Separate Person and Staff specific link R / P - Upload	Separating to WISEid/WISEstaff versions
WISEid: Separate Person and Staff specific links R / P -	Separating to WISEid/WISEstaff

Review matches (link)	versions
STAFF: BUG: Error 4034 message does not update upon refresh	Fix when DPI edits Entity ID so Error 4034 doesn't require users to Refresh Validation on Manage Staff page. Still doesn't fix issue where daily automatch populates the Entity ID that will be fixed next sprint.
STAFF: Invalid assg codes uploaded and displayed on UI	Issue when uploading invalid assignment codes. Fixed logic so users can upload without assignments disappearing.
WISEid: Update Local Person ID - Description field creates error	User can update Local Person ID Description field.
WISEid: Bug WSLs Import & Copy Still broken - US 35116 part II	Fixed issue so all new WSLs students are in the WISEid system.
Staff: Adjust NCLB Assignments	Logic for when the NCLB assignment question are displayed and required was incorrect.
STAFF: Contacts First Last and middle Name over 50 characters	UI would not save name changes if names were over 50 characters. Now there is error and notification that names must be under 50 characters.
STAFF: Increment Local and Total Experience in Historical Contract download files to based on current app year	Fixed issue for the 2013-14 data. Only affects a small group of user who didn't do the staff collection last year and are using the Copy Forward files for the first time this year with data from 2 years ago..
WISEid: Hotfix Bug Duplicate Local Person ID error broken	A bug caused faults when duplicate Local Person IDs existed in uploads.
WISEid: Hotfix Bug Person Upload Create New Persons	A bug broke the Person Upload.
WISEstaff Hotfix: Bug Disappearing Incorrect Validations	Production performance issues caused a couple bugs with the validation disappearing and reappearing.

	Performance fixes and more logic was created to resolve this issue.
STAFF: 93-0000 having incorrect messages for Type 1	Stopped updates to assignment configuration from pushing bad configurations to the system.
STAFF: Hotfix Assignment Upload Fault	Fixed faulting problems with assignment uploads. Problem was with invalid assignment codes.
STAFF: Hotfix Bug Validate Staff Data Showing Inaccurate FTE messages	FTE message between multiple districts was broken. Fixed most of issue. School name list of all schools is not fixed, but agencies can look at which districts by looking under the Other Hiring Agency Assignments list for the staff person on Staff Edit page.
STAFF: Duplicate Contact Error	System would not the same person to be listed as different contacts. Fixed so same person can be used for multiple types of contacts.
