

Release Notes for 2/23/2015 WISEid Production Release (WISEid Core Apps Sprint 78)

Feature Title	Notes
STAFF: BUG Performance Issue Historical Person Download	Fix to performance problem for large school districts using the Historical Person Download.
WISEid: Fix DPIMaster.School table / job	Data source needed for the rest of school related info for dropdowns and details.
WISEid: Bug: Refactor Person history tables to improve query time	Fixed a performance issue with audit history information.
STAFF: Validate Staff Data should be limited to only hiring agency records	Validations were displaying for both work and hiring agencies. Fixed so validation is locked to each selected hiring agency.
STAFF: Invalid grades message for Early Childhood and removal in Assignment UI save	Notification when an assignment is Early Childhood they indicate they teach greater than 2nd grade. Also, notifies removes any grade levels reported that are out of range in UI.
WISEid: Match Review - include Alias from upload	Match Review was not displaying aliases that had been uploaded to WISEid by LEAs. Aliases can be used by LEA reviewers to determine a match.
WISEid: Results Errors and Potential Matches buttons - make look more clickable	Made the buttons on the Results screen the same bold blue with white font format when a button can be clicked.
STAFF: Bug Upload Assignment without contract fault	Fixed so an assignment can be uploaded when a person doesn't have a contract. Before it would just result in a fault error.
WISEid: Add Google Analytics to Web Apps	Added Google Analytics support to the WISEid application to track usage.

STAFF: Contract field Label change - District Experience to Local Experience	Contract District Experience is now Local Experience everywhere in the WISEid application.
STAFF: Validation- Fringe Benefits	Validation for Contract Fringe Benefits.
STAFF- Long Term Substitute dynamic question	Added the Assignment Long Term Substitute question to only the correct assignments
STAFF: Validation- Contracts without Assignments	Validation to notify hiring agency when Contracts exist without any assignments.
STAFF- Grades dynamic question UI	More logic to make the grades question appear only when required based on assignments and working LEA.
STAFF: Validation- Is contract salary final field	Validation on the question if the contract salary is final yet question.
STAFF: Validation- Bilingual Program	Validation for the Assignment Bilingual Program question.
STAFF: Validation- Highest Degree	Most of the Contract highest degree validation. Next sprint will be the final work on this validation.
STAFF: Validation- NCLB_ENGLISH	Validation for the Assignment NCLB English question.
STAFF: Validation- NCLB_MATH	Validation for the Assignment NCLB Math question.
STAFF: Validation- NCLB_SCIENCE	Validation for the Assignment NCLB Science question.
STAFF: Validation- NCLB SOCIAL STUDIES	Validation for the Assignment NCLB Social Studies.
STAFF: BUG NCLB English Code 00	Fixed bug stopping Assignment uploads when "00" or "0" was uploaded in NCLB English field.

WISEid: BUG SQL changes needed to load missing Students into WISEid

We found that a significant number of WSLS students were missing from the WISEid system. We fixed the data import process to allow a lot more students that were missing. We will implement even more fixes next sprint to get the remainder of students missing.
