

Release Notes for 3/23/2015 WISEid Production Release (WISEid Core Apps Sprint 80)

Feature Title	Notes
STAFF: Validation- Contract Days	Validation for the Contract - Contract Days field
STAFF: Validation- Subcontracted	Validation for the Assignment - Subcontracted question
WISEid: Results Screen Refresh with Signal R	New technology for the File Tasks - Results screen so that the screen automatically updates as soon as anything happens for an upload. No more needing to manually refresh the page to see the latest progress.
STAFF: UI new record Default Values for Long Term Sub Question	For the Assignment - Long Term Substitute question for new assignments in the UI we automatically default to the answer to No which the most common response.
STAFF: Acknowledge Warning Validations	In Validate Staff Data we have added a column so users can acknowledge Warnings.
STAFF: Validation- Is contract salary final field part 2	Completed the validation for is the Contract salary final question.
WISEid: Deploy WISESEARCH to Production	We split the engine that searches for people to a separate server to improve performance.
STAFF: Validate Staff Data - Validation run on Contract and Assignment uploads	When Contract and Assignment uploads are done we now validate the uploads so that they automatically show up in validations.
STAFF: UI NCLB number of classes Question grouped and add text.	Improved the visual appearance of the Assignment NCLB questions section.
STAFF: Assignment edit and add in single page	Removed the two part page for Assignments. This solved a number

	of bugs we were seeing there as well.
STAFF: Historical Person Upload last upload date and agency uploading.	Fixed the issue where Historical Person Upload date wasn't being updated. Also, we were not tracking agency who uploaded which we are now doing.
STAFF: Validate WISEId on Contract & Assignments Uploads	Validation for the WISEIds on Contract and Assignment uploads to make sure they are valid WISEIds.
STAFF: Historical Person Download dates with 1/1/1900	Removed birthdates of 1/1/1900 which are not real birthdates.
STAFF: BUG: Person List by Local Person ID - RaceKey use DPI standard race code	Fixed the Person List by Local Person ID Racekey to be correct DPI 2 digit number.
STAFF: Validation- Race Key	Validation check on the Contract Race Key to compare against the WISEid Race Key for mismatches.
STAFF: Validation- Birth Year	Validation on the Contract Birth Year to compare it against the WISEid Birthdate field to look for mismatches.
STAFF: Deactivated Merged WISEID in Staff Uploads generate info message	We now provide message if you upload a deactivated WISEid as to what the active WISEid is.
STAFF: AUDIT: Step 2 Create Clientside nuget package for ELO Audit Service endpoints	Progress towards interaction with the Audit service.
WISEid: School Field Needed to complete decode for Act As and Working Agencies	Needed a data field to fix some agencies for the Act as and Working Agencies.
STAFF: Reorder and relabel local assignment ID and title on Assignment page	Local ID is now Local Assignment ID. Also, reordered fields on the Assignment UI page.
