

Release Notes for 11/16/2021

Primary Language of Instruction Now Appears on Roster Details Page

You can now see a student's primary language of instruction on the School Roster Details page, under the Section Details header.

New Message for Retired or Not Returning WISEdata Contacts

A message now appears in WISEdata Portal letting users know to open a help ticket to have WISEdata primary and secondary contacts deactivated for contacts who have retired or are not returning.

Bug Fixes

Bug fixes in this release include:

- Fixed an issue that could cause the All Student Report Card opt-in value to be inconsistent between school years.
- Fixed an issue that caused blank rows to appear in the Validation Message grid for DOC schools submitting graduation plans.
- Fixed an issue that could cause [validation error 7139](#) to appear when it should not.
- Fixed an issue that could cause [validation warning 7161](#) to appear when it should not.
- [Validation warning 7140](#) no longer appears for DOC or DHS schools, as it does not apply to those schools.
- Fixed a performance issue with [validation error 7169](#).
