WISE Application Release Notes 11/14/2023 (Sprint 1095)

WISEdata and Ed-Fi Updates –

WISEdata Portal: *NEW!* Courses

Course List Viewable in New Resources Tab
A new viewing option is in the works for WISEdata Portal that will allow customers to view courses directly in WISEdata Portal from the recently added 'Resources' tab. The plan is to have this feature ready by December 2023, after the snapshot, as we do not want to take chanced disrupting data flow before the snapshot is complete. Currently, courses are viewable on the [Courses data elements page](#).
