WISEdata Release Notes: 5/8/18

Title	Description/Comments
API: Modified school-level access to Roster Staff Section Associations	We modified the Roster Staff Section Association access for educational organizations under the school level, not district level, for security. Very few schools fall under this security setup, as it primarily impacted Carmen Schools within MPS, but the system now accommodates for this situation.
WDP: New L2 rule 6654	We implemented new L2 validation rule 6654, 'PK & K3 not expected for non-Choice participants'. For more info, see the KBA: https://crmportal.dpi.wi.gov/article?id=f345c73a-134e-e811-80e2-005056847c52
WDP: New L2 rule 6746	We implemented a new L2 validation rule 6746, 'Last Evaluation Date on the Special Education record is in the Future'. For more info, see the KBA: https://crmportal.dpi.wi.gov/article?id=6df37f77-3152-e811-80e2-005056847c52
WDP: New L2 rule 6741	We implemented new L2 validation rule 6741, 'When a student with a disability turns 10, the disability SDD is no longer valid'. For more info, see the KBA: https://crmportal.dpi.wi.gov/article?id=0f8bc21f-d93c-e811-80e1-005056847c52
WDP: New L2 rule 6679	We implemented new L2 validation rule 6679, 'Required field is missing, 'Serious Bodily Injury''. For more info, see the KBA: https://crmportal.dpi.wi.gov/article?id=af8e40a8-ee72-e711-80d3-005056847c52

WDP: Added Reason Exited data element to sSEPA record	We added the new 2018-19 data element Reason Exited (from Special Education) to the sSEPA record detail. For more info, see the data element page: https://dpi.wi.gov/wise/data-elements/reason-exited
WDP: New pop-up alert for Queue Import & Validation already running	Because users can manually queue validation in the portal, we wanted to alert users who tried to manually trigger validation when validation was already running. We implemented a new pop-up to indicate to a user trying to queue validation when it's already running: "Action cannot be performed at this time. Validation for this Agency is already queued or running."
	*The bulk of development continues for work on the new WISEdata Portal Home Page and system changes for the 2018-19 school year.
