

## English Language positions budget combinations in WISEgrants

Listed above are the English Language personnel positions for Title I, Part A, for both **Instructional** and **Reservations** subbudgets. There are combinations with **Position Activities** for extended contract, before/after school, and summer school that would require the same licenses, but are not listed on this table.

All personnel combinations are listed in WISEgrants with Object 200 – Employee Benefits. These combinations are actually tied to both Object 100 – Salary and Object 200 – Employee Benefits.

When a **Personnel** budget combination’s purpose is evident from the Position/Area the Position Activity is often listed as Standard (Default). Otherwise, the Position Activity field is used to indicate additional or specific scope for the combination.
