

ESSA LEA Plan Road Map and Review Criteria 2018-19

This document identifies where the questions in the [LEA Plan Draft Template](#) are located in WISEgrants. Some questions will appear in the ESSA LEA Plan section of WISEgrants and other questions will appear in a specific grant application. It is important to note that some questions are required, some are optional, and some may not be applicable to your LEA. The [ESSA LEA Plan Frequently Asked Questions document](#) will answer many of the common questions around the LEA Plan.

The review criteria the Wisconsin Department of Public Instruction (DPI) staff will use to review and approve LEA plans is also included in this document. DPI staff will review and approve the LEA Plan independent of the individual ESSA grant applications; however, DPI must approve the LEA Plan in order for the LEA to make claims on approved grant activities.

The assurances listed in the [LEA Plan Draft Template](#) are included the assurances document found in WISEgrants. As in years past, a district authorizer will need to sign the assurances digitally. The district authorizer is an individual who has been authorized by a governing body, such as a school board, to enter into agreements on behalf of the LEA.

Text fields provided for the LEA Plan in WISEgrants will allow for unlimited text, but LEAs should provide only the essential, most pertinent information to answer each question. LEAs may copy and paste text from another document into the text field. When pasting text, the fonts from the originating document will appear. LEAs may edit and change fonts, as necessary, within each text field. LEAs may include images in the text fields but shall not include hyperlinks to other documents.

All Local Educational Agencies (LEAs) receiving more than one grant under the Every Student Succeeds Act (ESSA) are required to complete an LEA Plan. LEA Plans must support Wisconsin's ESSA goal and objectives listed below.

Wisconsin's Goal: Reduce the achievement gap by half for each subgroup within six years.

Objective 1: LEAs will provide every student access to a well-rounded education that meets their learning needs in an appropriate, healthy and safe environment.

Objective 2: LEAs will provide professional growth and improvement opportunities for all teachers, principals, and other school leaders to further a high quality education for all students.

Objective 3: LEAs will utilize evidence-based interventions and support services to ensure every student graduates from high school prepared for their college or career plans.

Objective 4: LEAs will make progress on closing the achievement gap for all subgroups in English language arts, and math so all students meet challenging academic standards.
