Introduction to IDEA Funding

FUNDING AVAILABLE UNDER THE INDIVIDUALS WITH DISABILITIES EDUCATION ACT
Excess Cost of Special Education

- Direct costs that are incurred when providing special education instruction and related services
- Costs are generated by the unique needs of the students with disabilities
- If the school or district had no students with disabilities enrolled, the cost would not exist
1) In the absence of special education needs, would this cost exist?

If the answer is...

- No, then the cost may be eligible
  - Learning Disabilities Teacher
- Yes, then the cost is not allowed
  - Homeroom Teacher
2) Is this cost also generated by students without disabilities?

*If the answer is...*

- Yes, then the cost is not allowed
  - Core reading curriculum
- No, then the cost may be eligible
  - Supplement reading toolkit to core curriculum
3) If it is a child specific service, is the service documented in the student’s IEP?

*If the answer is...*

- Yes, then the cost may be eligible
  - Specialized transportation identified as a need
- No, then the cost is not allowed
  - Transportation costs not identified as a need
Accounting Excess Cost

- Fund 27 – A segregated area used to hold all costs and revenue generated only by special education

- Project Codes – Tags given to *each* expenditure in Fund 27 to identify how it will be funded
  - **019** – Costs that will be paid for using local funds only
  - **011** – Costs that will initially be paid for using local funds, but will then be partially reimbursed with state aid or Medicaid
  - **340** – Costs that will be paid for by the IDEA grants
Local
- Tax base
- Covers the majority of expenditures

State
- Categorical Aids
- High Cost fund

Federal
- IDEA Entitlement
- High Cost fund
- Medicaid
Funding source break down for an LEA with a student population of 3,000

For this LEA, special education costs for a fiscal year totaled $4,600,000

Special Education Funds

- **Local**: $2,900,000 (63%)
- **State**: $1,100,000 (24%)
- **IDEA**: $500,000 (11%)
- **Medicaid**: $100,000 (2%)

Wisconsin Department of Public Instruction
IDEA – The Funding Source

- US Department of Education grants IDEA Part B funds to State of Wisconsin – DPI

- DPI subgrants to approximately 440 agencies
  - Flow-through Entitlement (FT)
  - Preschool Entitlement (PS)
  - High Cost Aid
  - Discretionary
Entitlement funds under IDEA are awarded on a non-competitive basis for programs and services to students with disabilities.

**Preschool (PS)**
Provides funds for special education services to children ages 3 to 5.

**Flow-through (FT)**
Provides funds for special education services to children ages 3 to 21.

Types of IDEA Entitlement Grants
In Wisconsin, the “LEA” with FAPE responsibility is the only subrecipient of the IDEA entitlement grants.

Under Wisconsin statute, the following agencies are responsible for FAPE:
- School districts
- Independent charter schools (2r)
- Department of Corrections
- Department of Health Services

Other agencies, such as CESAs and CCDEBs, are not responsible for FAPE and are thus not eligible for IDEA entitlement.

Eligibility for IDEA Entitlement

Wisconsin Department of Public Instruction
**IDEA Increases**

Since the base amounts were established, the award to Wisconsin has increased, creating “new funds”

**Base Payments**

Each LEA generates a “base amount” established with child count data reported in the late 1990s

**85% Enrollment & 15% Poverty Count**

IDEA funds not obligated for base payments are distributed based on an LEA’s total student enrollment and student poverty count numbers
**This is an example of an LEA’s allocation calculation for IDEA flow-through funds**

IDEA’s Carryover Rules

- Each federal funding source has its own rules on:
  - Funding Availability
  - Carryover

- IDEA’s Rules:
  - Funding is available for 27 months
  - Total amount of allocation is available for the 27 months
    - No limit on the amount that “carries over” into the next fiscal year

• Obligation: A transaction that requires payment.

• “Obligation Period”: The same as the 27 months of grant availability.

• Obligations, however, are booked in the fiscal year in which they occurred.
“Obligation Period”

- **Allowed Grant Charge:**
  - Transaction on August 15; Grant began on July 1

- **Not Allowed Grant Charge:**
  - Transaction on June 25; Grant begins on July 1
  - Transaction on October 15; Grant ended on September 30

Examples of Allowable Costs

- Special Education Staff (Directors and Assistant Directors, teachers, paraprofessionals)

  - Audiology Services and Educational Interpreters
  - Speech / Language
  - Orientation and Mobility Instruction
  - Transition Services for 18 to 21-year-olds.

Not So Common “Allowed” Costs

- Paying parents for the costs of specialized transportation
- Early Childhood placements at private daycares (for the portion of time the student receives special education services)
Common “Unallowed” Costs

- Flat-rate open enrollment tuition amount
- Medicaid Billing Costs (like MJ Care)

  - Teachers
  - Guidance Counselors
  - Social Workers
Not So Common “Unallowed” Costs

- Costs for expulsion hearings
- Costs of legal fees for due process
- Costs for providing related services under a 504 plan (student does not have an IEP)
Follow the “Standards for Documentation of Personnel Expenses” (2 CFR §200.430(i))

- Identify which staff would be considered a ‘Single Cost Objective’ versus ‘Multiple Work Objective’
- For those staff that work on multiple work objectives, be certain that appropriate documentation is being kept to support the amount of wages charged to the IDEA grant.
An early childhood special education teacher is funded 80% with flow-through and 20% with preschool entitlement funds.

- Funding Source? IDEA flow-through and IDEA preschool
- Work Objective? Special Education Only
Multiple Funding Sources
Multiple Work Objectives

A school psychologist is funded with IDEA flow-through to provide special education support as well IDEA CEIS funds to provide behavioral interventions to students without disabilities.

- Funding Source? IDEA, State and Local
- Work Objective? Special Education & General Education

Typical Week (not including breaks or lunch):
2,225 minutes (100%)

Positive Behavioral Interventions (green):
525 minutes (24%)

Special Education (blue):
1,170 minutes (52%)

Other (brown):
530 minutes (24%)
How can the position be funded?

Never more than 100% of the staff person’s wages, but

- IDEA CEIS – Up to 24%, based on schedule
- IDEA Flow-through – Up to 52%, based on schedule
- State Categorical Aid – Up to 84%, less any percent that was funded with IDEA funds
- Local Funds – Up to 100%, or any amount not covered by federal funds
An office assistant is assigned to work with the Director of Pupil Services, who oversees both Special Education and Title I programs

- Funding Source? IDEA & Local
- Work Objective? Special Education and maybe General Education
Clerical staff should normally be charged as an indirect cost, however, can be charged as a direct cost if:

(1) administrative or clerical services are integral to a project or activity;

(2) individuals involved can be specifically identified with the project or activity;

(3) such costs are explicitly included in the budget; and

(4) the costs are not also recovered as indirect costs.
Personnel Monitoring Focus

- Typical multiple work objective full-time positions:
  - Secretaries / Assistants
  - Fiscal staff
  - Related Services staff (social workers, guidance counselors)
  - IT Staff

- When there is no “schedule,” how will a person’s effort be determined and supported?

- There must be records that accurately reflect the work performed. The records must be supported by an established system of internal control.

Wisconsin Department of Public Instruction
• Typical Multiple Cost Objective Positions
  - Subrecipient must have a process that provides reasonable assurance that the charges are accurate, allowable, and properly allocated
  - Be incorporated into the official records of the subrecipient

• Nothing less will be acceptable – if the subrecipient wishes to charge this type of position to the grant, the supporting documentation must meet these standards
SHORT-TERM EMPLOYEES

- Individuals who complete time sheets or other documentation for compensation
  - Substitute Teachers
  - Substitute Paraprofessionals
  - Tutors
  - Mentors
  - Extended School Year Services

- Their documentation for compensation will suffice for time and effort documentation
  - Be sure you can demonstrate how the amount charged to the grant aligns with the compensation documentation!
• Know what was purchased with IDEA funds
  ○ And the items align with an approved grant budget

• Know where it is located

• Know how it is being used
Equipment purchased with IDEA funds must be used by the program as long as the program need exists. To “dispose” of equipment, the LEA must determine that the special education program no longer needs the item. Using a vehicle as an example, factors such as age and size of the vehicle are taken into consideration. But the LEA may not re-purpose a vehicle for general education use and purchase a new vehicle with IDEA funds simply because the funds are available to do so.
Property Disposal

- Items with a per unit value of less than $5,000
  - Is the item no longer needed by the program? Document the reason why it is no longer needed
  - Options –
    - Give to another school district (equipment follows student)
    - Give to another federal program (Title I)
    - Give to general education
    - Sell (book any revenue in Fund 27)
  - Always document how the item was disposed
• **Items with a per unit value greater than $5,000**
  
  - Is the item no longer needed by the program? Document the reason why it is no longer needed
  
  - Regardless of how the equipment is disposed, the fair market value of the equipment must either –
    - Be booked as revenue in Fund 27 (reinvested in Special Education), offsetting expenditures; or
    - Returned to DPI (which will be sent to US Department of Education)
  
  - It does not matter when the equipment was purchased, only the value (a vehicle purchased in 2010 may still be worth more than $5,000)
Supplement / Not Supplant

- Definition: Replacing previously locally funded costs with federal dollars.

- For special education, there is no supplement / not supplant provision with IDEA funds if an LEA is meeting maintenance of effort requirements
  - This means that an LEA has the flexibility to switch funding for a position, example:
    - 2014-15 – Lisa Johnson, LD Teacher, paid locally (state aid eligible)
    - 2015-16 – Lisa Johnson, LD Teacher, paid with IDEA flow-through
If there are private schools in the LEA’s jurisdiction, then the LEA must set-aside IDEA funds annually to spend on special education services for students with disabilities placed in private schools by their parents.

Based on location of private school, not student’s residence (different than Title I’s equitable services)
LEAs – IDEA requires that LEAs must budget and expend the same amount of local funding for special education as it expended in the previous fiscal year. (34 CFR §300.203)

Failure to comply results in a payback of local funds equal to the amount of effort not maintained

- LEA fails to maintain effort by $10,000
- LEA must pay back, in local funds, $10,000
Accounting for IDEA Expenditures

- **Fund:** 27

- **Project Code:**
  - 341 – Flow-through
  - 347 – Preschool

- **Revenue Source:**
  - 730 - Federal Special Projects Aid Transited Through DPI

- **CFDA:**
  - 84.027 – Flow-through
  - 84.173 – Preschool
IDEA Claim Process

- Formats data into the PI-1086 Program Fiscal Report
- Based on the last approved IDEA budget
- Claims are submitted separately for:
  - Flow-through Entitlement
  - Preschool Entitlement
  - CEIS (for general education interventions)
