

Property and Procurement

1

BASED ON THE REGULATIONS UNDER THE
FEDERAL UNIFORM GRANT GUIDANCE
2 CFR PART 200

Wisconsin Department of Public Instruction

Definitions

Different levels of administrative burden based on materials classification – so very important to know.

2

Real Property
§200.85

Land, including land and structure improvement. EXCLUDES moveable machinery and equipment

Personal Property
§200.78

Property, other than real property.

Tangible:
Equipment
Supplies
Computing Devices
IT Systems

Intangible:
(having no physical existence)
Trademarks,
copyrights

Wisconsin Department of Public Instruction

3

Uniform Grant Guidance Definitions

4

Equipment (§ 200.33):

Tangible personal property (including IT systems) having a useful life of more than one year and a per-unit cost equal or greater to the capitalization level established by the sub-recipient; or \$5,000.

Acquisition cost (§200.2) –

Freight, installation, accessories, auxiliary apparatus to make the equipment usable is included in the threshold cost of equipment.

Wisconsin Department of Public Instruction

Equipment Threshold Example

5

Subrecipient's capitalization threshold is \$3,000

Purchase of a SMARTboard for \$2,500; freight, installation and wall-mounting brings the price to **\$3,100**

Wisconsin Department of Public Instruction

Equipment Threshold Example

6

Subrecipient's capitalization threshold is \$6,000

Purchase of a SMARTboard for \$2,500; freight, installation and wall-mounting brings the price to **\$3,100**

Wisconsin Department of Public Instruction

Equipment Threshold Example

7

Subrecipient's capitalization threshold is \$6,000

Purchase of playground equipment for \$3,500; freight and installation brings the price to **\$5,100**

Wisconsin Department of Public Instruction

Equipment Use Defined

8

§200.313

- The equipment must be used only for the authorized purpose of the project until funding for the project ceases or until the equipment is no longer needed for the purposes of the project.
- When no longer needed for the original program, the equipment may be used in other activities supported by the Federal awarding agency, in the following priority order:

Wisconsin Department of Public Instruction

Use of Equipment Priority List

9

§200.313(c)(1)(i-ii)

- 1) **Activities funded by the same Federal agency, but different award.**
 - A vehicle purchased with IDEA funds can be used by Title I when no longer needed by the special education program.
- 2) **Activities funded by a different Federal agency.**
 - A vehicle purchased with IDEA funds can be used by Food Service when no longer needed by the special education program and the Title I program does not need it.

Wisconsin Department of Public Instruction

Replacement Equipment

10

§200.313(c)(4)

When the equipment is no longer usable for the program, the subrecipient may trade-in or sell the item and use the proceeds to offset the cost of the replacement.

- The subrecipient can sell a 6-seat van used for special education and use the proceeds to offset the cost of a 12-seat bus to be used for special education.

Wisconsin Department of Public Instruction

Equipment “Administrative Burden”

11

§200.313(d) Management requirements

These requirements apply to:

- Any items meeting the definition of equipment (either \$5,000 or sub-recipient’s threshold if less).
- Equipment purchased in whole or in part with Federal funds.
- Includes replacement equipment if Federally-paid for equipment proceeds were used.

Wisconsin Department of Public Instruction

Equipment Management Requirements

12

1) Property Records must exist and include:

- A description of the property
- A serial number or other identification number
- The source of funding – including the Federal Award Identification Number (FAIN), which can be found on the subaward document
- Who holds the title
- Acquisition date

Wisconsin Department of Public Instruction

Equipment Management Requirements

13

(Property Records continued)

- Cost of the equipment
- Percentage of Federal funds used for the equipment
- Location, use and condition of the property
- Any ultimate date of disposal
 - ✦ Date of disposal
 - ✦ Sale price of the equipment

Wisconsin Department of Public Instruction

Equipment Management Requirements

14

2) Physical inventory

- Must be conducted and the results reconciled with the property records at least once every two years.

3) Control system

- Ensure adequate safeguards to prevent loss, damage, or theft of the equipment. Any loss, damage or theft must be investigated.

Wisconsin Department of Public Instruction

Equipment Management Requirements

15

4) Maintenance

- Procedures must be developed to keep the property in good condition.

5) Disposition

- Proper sales procedures must be established to ensure the highest possible return.

Wisconsin Department of Public Instruction

Name a Piece of Equipment

16

- Besides a vehicle, can you think of a piece of equipment that costs more than \$5,000 that is used solely for a federally-supported program area?
- If the subrecipient's capitalization threshold is less than \$5,000, in some cases less than \$1,000, can the federal equipment management requirements be met?

Wisconsin Department of Public Instruction

Purchase Item	Object Number	Function Number	Function Label	Amount	Description	Number of Units
Capital Equipment	550	156100	Deaf and Hard of Hearing Impairment	\$6,000.00	FM Systems for students with hearing impairments.	2
Capital Equipment	550	223300	Special Education Supervision & Coordination	\$850.00	laptop for Director	1
Capital Equipment	550	215000	Psychological Services	\$1,500.00	Lenovo Laptop for School Psychologist	1

Assigned as capital equipment, the laptops would need to meet the equipment management requirements outlined in slides 12 - 15, which includes the property management records (FAIN, funding source, percentage of federal funds, etc.) and proper sales procedures...

Uniform Grant Guidance Definitions

18

Supplies (\$200.94) -

Tangible personal property that does not fit the definition of equipment – now solely based on the financial threshold and not on “length of useful life”

Computing Devices (\$200.20) –

Machines used to acquire, store, analyze, process and publish data electronically and any accessory used in conjunction (printers, servers, routers, etc.)

Wisconsin Department of Public Instruction

Laptops are Supplies

19

A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. (\$200.94)

Wisconsin Department of Public Instruction

Hot Topic: Computing Devices

20

If computers, laptops, tablets, handheld devices, touch screens – all items that are highly desirable and easy to walk off – considered supplies, are they now disposable?

NO – However, the stringent requirements of the Equipment Management system would do little to prevent theft or misuse but would instead create an administrative burden outweighing any perceived benefits

Wisconsin Department of Public Instruction

Internal Control over Compliance Requirements

21

§200.62

All subrecipients of Federal funds must have an implemented process designed to provide reasonable assurance that (c) Funds, property, and other assets are SAFEGUARDED against loss from unauthorized use or disposition.

Subrecipient determines how computing devices will be tracked, used, and disposed of in accordance with the Federal grant program.

Wisconsin Department of Public Instruction

Laptops are Supplies

22

A computing device is a supply if the acquisition cost is **less than the lesser of the capitalization level established by the non-Federal entity for financial statement** purposes or \$5,000, regardless of the length of its useful life. (§200.94)

If your threshold is low enough to capitalize laptops and computers, then those items MUST be inventoried according to the Uniform Grant Guidance...

Wisconsin Department of Public Instruction

Private Schools & Equipment / Supplies

23

Education Department's General Administrative Regulations still dictate –

§ 76.651(3)

- The LEA will maintain administrative direction and control over funds and property that benefit students enrolled in private schools.

Wisconsin Department of Public Instruction

Private Schools & Equipment / Supplies

24

§ 76.658(a)

- The LEA may not use Federal funds to finance the existing level of instruction in a private school or to otherwise benefit the private school.

§ 76.658(b)

- The LEA will use Federal funds for specific needs of students rather than the needs of the private school or the general needs of students enrolled in private schools.

Wisconsin Department of Public Instruction

Private Schools & Equipment / Supplies

25

§ 76.661 Equipment and Supplies may be placed in a private school for the period needed for the project

The LEA must insure that the equipment or supplies placed in a private school:

- Are used only for the purposes of the project; and
- The equipment or supplies shall be removed if they are no longer needed for the purposes of the project or the removal is necessary to avoid the use of the equipment or supplies for other than project purposes

Procurement

Introduction

27

What is procurement?

- The complete process of obtaining goods and services (purchasing).
- Purchasing Process
 - Requesting
 - Receiving
 - Paying
- General Rule: A good purchasing system ensures that goods or services are obtained in a way that **maximizes the value** of funds.

28

§200.318

General Procurement Standards

The subrecipient must use its own documented procurement procedures which reflect applicable State and local regulations, provided that the procurements conform to applicable Federal laws and the Uniform Grant Guidance.

General Standards

29

- Maintain oversight to ensure contractors perform the work as specified in the contract (§200.318(b))
- Maintain written standards for “Conflict of Interest” (§200.318(b))
- Only contract with reliable vendors (§200.318(h))
- Sub-recipient is responsible for all contract disputes and cannot defer to the Federal agency in such cases (§200.318(k))

Wisconsin Department of Public Instruction

General Standards

30

The subrecipient must maintain records sufficient to detail the history of procurement. Records must include, but not limited to: (§200.318(i))

- Rationale for the method of procurement
- Selection of contract type
- Contractor selection or rejection
- The basis for the contract price

Wisconsin Department of Public Instruction

31

§200.319(c)

Competition guidance for all procurement methods

“Full & Open”

The following are considered “anti-competitive”

- Placing unreasonable requirements on vendors to qualify for business
- Requiring unnecessary experience
- Noncompetitive pricing practices between firms
- Noncompetitive contracts to consultants that are on retainer contracts

Wisconsin Department of Public Instruction

32

§200.319(c)

Competition guidance for all procurement methods

“Full & Open”

- Organizational conflicts of interest
- Specifying a “brand name” product instead of allowing an “equal” product to be offered
- Cannot be bound by state or local geographical preferences in the evaluation of bids or proposals

Wisconsin Department of Public Instruction

Micro Purchase	<ul style="list-style-type: none"> ➤ Supplies or services, aggregate cost of purchase is less than \$3,000 <ul style="list-style-type: none"> • Unlike equipment, not a “per item” amount, but bulk purchase amount ➤ No need to solicit competitive quotes if the subrecipient considers the price to be reasonable
Small Purchase	<ul style="list-style-type: none"> ➤ Supplies or services, aggregate cost of purchase is less than the Simplified Acquisition Threshold <ul style="list-style-type: none"> • Between \$3,000 and \$150,000 ➤ Gather quotes from an adequate number of qualified sources <ul style="list-style-type: none"> • Adequate not defined

“Simplified Acquisition Threshold”

34

For all projects or services which will cost more than \$150,000, the subrecipient must (§200.323)

- Perform a cost analysis and determine an estimate *before* receiving bids or proposals
- Must negotiate a fair and reasonable profit as a separate element from cost
 - Consider complexity of the work performed
 - Risk borne by the vendor
 - The amount of vendor sub-contracting
 - Vendor’s past record of performance
 - Industry profit rates in the geographical area

Wisconsin Department of Public Instruction

Sealed Bids	<ul style="list-style-type: none"> ➤ Preferred procurement method for services with a cost over \$150,000 ➤ Lump sum contract through formal advertising for the lowest responsible bidder who meets the material terms and conditions of the bid invitation ➤ Several steps to be completed per §200.320(c)
Competitive Proposal	<ul style="list-style-type: none"> ➤ Use when sealed bids (the preferred method) is not feasible ➤ Fixed price or cost reimbursement ➤ Formal advertising and all evaluation factors identified ➤ Subrecipient must have a <i>written method</i> for vendor selection

Non-Competitive Proposal

Proposal from only one source, under these conditions:

- The item is only available from one source (but remember – cannot be based on “Name Brand”)
- Public emergency makes a sealed or competitive bid process unrealistic
- The pass-through entity expressly authorizes in response to a written request by subrecipient
 - Contracts with LEAs / CESAs
- After solicitation of a number of sources, competition is determined inadequate

Additional Contracting Requirements

37

Contracting with small and minority businesses, women's business enterprises, and labor surplus area firms. (§200.321)

- 1) Take affirmative steps to place these business types on qualified vendor lists.
- 2) Solicit these groups whenever they are potential sources.
- 3) Divide large projects into smaller pieces to allow for these businesses to participate.

Wisconsin Department of Public Instruction

Additional Contracting Requirements

38

- 4) Establish delivery schedules, where permitted, that encourage participation by these businesses.
- 5) Utilize the services of Small Business Administration and the Minority Business Development Agency of the Department of Commerce.
- 6) Require the prime contractor, if sub-contracting, to also take affirmative steps of 1 through 5.

Wisconsin Department of Public Instruction

And Finally...Contract Provisions (§200.326)

39

All contracts using Federal funds must contain the applicable provisions set forth in the Uniform Grant Guidelines, Appendix II – “Contract Provisions for non-Federal Entity Contracts Under Federal Award.”

- There are 11 possible provisions, and include
 - Termination for cause and for convenience
 - Equal Employment Opportunity
 - Davis Bacon Act
 - Contract Work Hours and Safety Standards Act

Wisconsin Department of Public Instruction

WRITTEN PROCEDURES

The subrecipient must use its own documented procurement procedures which reflect applicable State and local regulations, provided that the procurements conform to applicable Federal laws and the Uniform Grant Guidance.

The subrecipient must have written procedures regarding solicitations to ensure that all procurement transactions are conducted in a manner providing full and open competition.

Wisconsin Department of Public Instruction

Written Procedures

41

These written standards must ensure that all solicitations:

- 1) Incorporate a clear and accurate description of the technical requirement.
 - Description cannot contain features which unduly restrict competition (such as unnecessary experience or specifying only “brand name” products).
- 2) Identify all requirements which the vendor must fulfill and all other factors to be used in evaluating bids or proposals.

Wisconsin Department of Public Instruction

Written Procedures / Procurement

42

Sample questions to ask when writing procedures:

- Where are instructions outlining the solicitation requirements (200.319(c)) available for staff?
- Prior to releasing a solicitation, who has reviewed and ensured that the solicitation requirements have been included?
- Who verifies that prequalified lists of persons, firms, or products are current and include enough qualified sources to ensure maximum open and free competition?

Wisconsin Department of Public Instruction
