

# District and Private School Locations

# Early Literacy Coaches

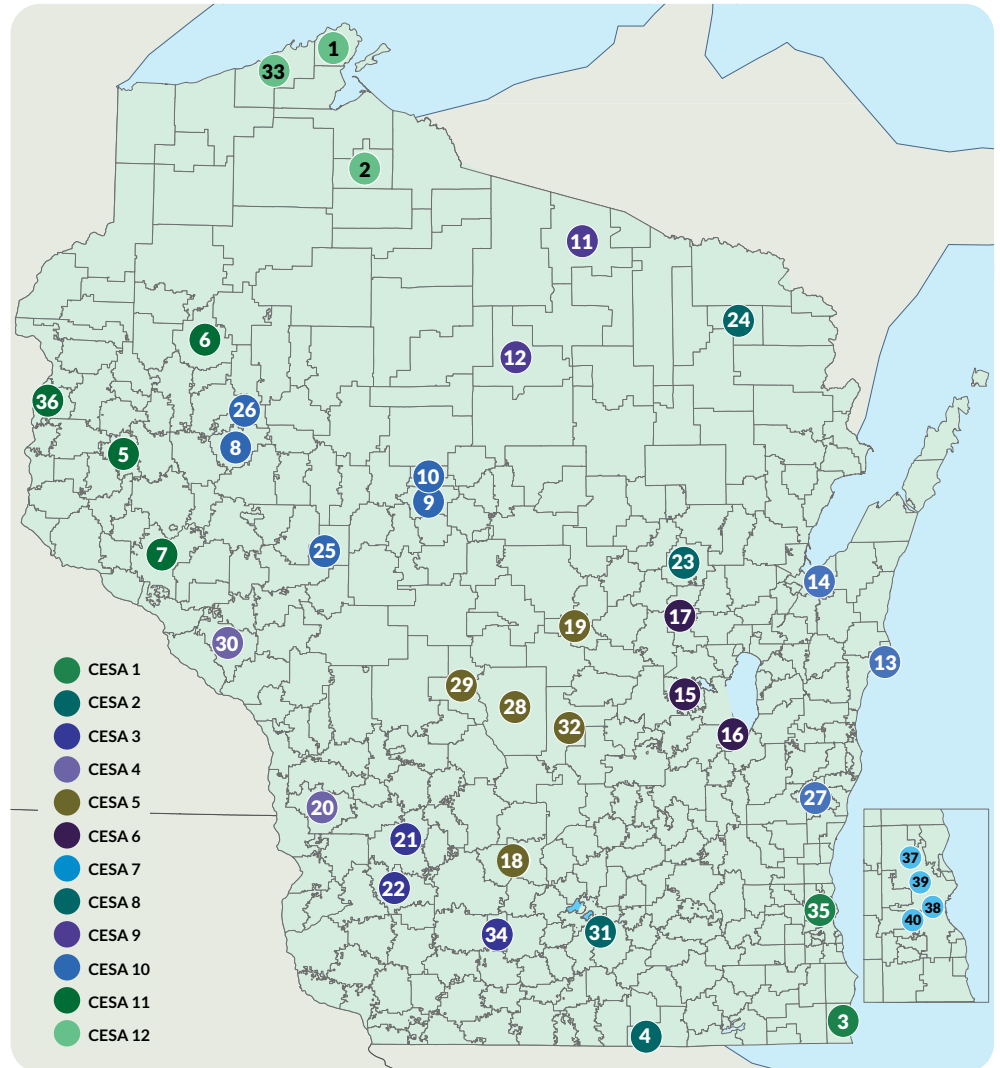

## Background

As part of 2023 Wisconsin Act 20, the Department of Public Instruction will place literacy coaches in 50 public schools across 36 districts and four private schools over the next two years to support the department's effort in improving reading outcomes statewide.

Participating schools will hire coaches through DPI contracts, embedding them in school communities. Coaches will work alongside educators to strengthen instruction, support literacy systems, and build long-term capacity while providing consistent support for teachers. This map shows the geographical diversity of these coaches.

## Public School Districts

1. School District of Bayfield
2. School District of Mellen
3. Kenosha Unified School District
4. School District of Beloit
5. School District of Glenwood City
6. Rice Lake Area School District
